TO : Mr. W. C. Sullivan *WCS*

FROM : [REDACTED] *HW*

SUBJECT: GROUPS SEEKING INDEPENDENCE FOR PUERTO RICO
COUNTERINTELLIGENCE PROGRAM
(SUBVERSIVE CONTROL SECTION)

PURPOSE:

To recommend that authority be granted to the San Juan Office to mail an anonymous letter to selected members of the Nationalist Party of Puerto Rico (NPPR) denouncing its cooperation with [REDACTED] the President of the Liga Socialista Puertorriqueno (LSP), which is a militant Marxist independence group.

DETAILS:

[REDACTED], a key figure and Security Index subject of the San Juan Office, was formerly an officer of the NPPR who was expelled in 1943 by Pedro Albizu Campos because of his communist activities. In recent months, [REDACTED] has been a featured speaker at NPPR ceremonies and a merger of the LSP and NPPR is currently being considered.

The proposed letter emphasizes that the NPPR is dishonoring the memory of Albizu Campos by cooperating with [REDACTED] a communist who he personally dismissed from the party. In this regard it is noted that Albizu Campos although a militant independentist was a strong Catholic and adamant in barring communists from the NPPR.

ACTION:

ReSJlet, 10/27/66.

Enclosed herewith for the Bureau is one copy of a letter, in the Spanish language, proposed by the San Juan Office, to be furnished to selected Movimiento Pro Independencia De Puerto Rico (Puerto Rican Independence Movement) (MPIPR) and Nationalist Party of Puerto Rico (NPPR) members; and a copy of a past issue of "Carta Semanal."

As the Bureau is aware, the MPIPR is presently engaged in an island-wide battle in an attempt to defeat the plebiscite proposed for Puerto Rico on 7/12/67. In this connection, it is believed that a letter that will be set out subsequently in this airtel, should be sent to selected group of individuals in the MPIPR and NPPR. It is the objective of the San Juan Office in setting out this letter and setting it in the form which would lead people to believe it emanated from "Carta Semanal," to cause a greater schism between these two parties and disrupt any plans for unification that they may have had to defeat the upcoming plebiscite.

The letter is made up containing indirect referrals to the NPPR and the San Juan Office is of the belief that, inasmuch as the MPIPR has made referrals of this kind, that the NPPR was inactive and did not have any members, the members of the NPPR who will receive this letter will be convinced that the letter emanated from one of the leaders of the MPIPR.

The enclosed letter, as previously noted in referenced letter, was of a confidential nature and this lends itself to be more readily accepted inasmuch as this letter is not supposed to have been exhibited to other than the two parties concerned.

The following is a translation of the communication which the Bureau's Document Section is requested to prepare:

"Brothers:

"During this hour of our great struggle, we must wage war against the plebiscite completely unified. We must accept the assistance of all parties, no matter how small or inactive they may have been in the past.

"To assist in this unity, I am publishing a letter from JACINTO RIVERA PEREZ, President of the NPPR, to JUAN MARI BRAS as follows: (The letter of 9/14/66 will be inserted at this time).

"In order that the MPIPR can present a unified front against the plebiscite, we must have a big heart and be willing to forgive past indiscretions made by other parties.

"Remember that everyone may help, if for no other purpose than to increase our number, during this war."

The Document Section is requested to prepare this letter using as many similarities as possible as to paper and mimeograph, as the enclosed "Carta Semanal."

If the Bureau approves this tactic, the Bureau should request the Document Section to immediately prepare 150 copies of the proposed letter and forward same to the San Juan Office for secure mailing. If tactic is approved, New York should furnish the San Juan Office with limited mailing list of both MPIPR and NPPR members in New York City.

SJ 105-3353 Sub 1

Bureau authority is hereby solicited to put this tactic into effect and the Bureau is requested to have the Document Section prepare these letters as rapidly as possible, in order that the San Juan Office will be able to issue these letters at a time when the plebiscite issue is before the entire island of Puerto Rico.

Hermanos:

En esta hora de lucha sin cuartel, debemos unir nuestras fuerzas para luchar contra el Plebiscito. Debemos estar resignados a aceptar la ayuda de todos los grupos, no importa su tamaño o cuan activos hayan sido en el pasado.

Como contribución a esta unión, estoy publicando una carta dirigida a Juan Mari Bras por Jacinto Rivera Perez, Presidente del Partido Nacionalista Puertorriqueño, como sigue:

"a 14 de septiembre de 1966

"Lcdo. Juan Mari Bras
Secretario General Interino
Movimiento Pro Independencia
Río Piedras, Puerto Rico

"Estimado Juan:-

"Acaba de llegar a mis manos tu carta, fechada el día 12 de los corrientes con carácter de 'entrega personal', misión que dejó desempeñada nuestro mutuo amigo, Carlos Padilla Pérez.

"Es cierto que el Partido Nacionalista de Puerto Rico ha hecho reserva de la Plaza de la Revolución de Lares para llevar a cabo los actos conmemorativos que tradicionalmente celebramos en esa efemérides nacional.

"Honradamente, no pasó por mi mente el que el MPI esperara una invitación nuestra para la celebración del Grito de Lares. Como es sabido, el Partido Nacionalista siempre invita a toda la nación a dicha celebración. El MPI, como organización y sus miembros como puertorriqueños amantes de nuestra independencia, nunca han estado excluidos de esa invitación y menos podrán estarlo en estos momentos en que el patriotismo de los puertorriqueños pasa por pruebas que pueden ser determinantes para el futuro de nuestra Patria. Comoquiera que la Comisión Política del MPI, según comunicación de fecha 17 de marzo de 1966 al Partido Nacionalista, no tomará parte en actos en que el MPI no haya sido parte organizadora, y habida cuenta de que ésta fué la contestación que recibió el Partido Nacionalista al hacerle una invitación al MPI para la conmemoración de la Masacre de Ponce el 21 de marzo de 1966, en este caso nos abstuvimos de hacer una invitación especial ya que la celebración del Grito de Lares la auspicia el Partido Nacionalista.

"La actitud del Partido Nacionalista de Puerto Rico ha sido y es de buena fé en todo lo que atañe a la defensa de nuestra Patria. Si no fuera así a estas alturas ya habría dejado de existir. No pueden olvidarse las expresiones de perdón que el Maestro Don Pedro Albizu Campos tuviera aún para sus enemigos gratuitos y encontrándose ya él perdiendo fuerzas físicas. En enseñanzas de esa clase se basa la fortaleza inquebrantable del Partido Nacionalista, fuerza que mantendremos hasta tanto se proclame la Independencia Nacional, fecha en que el Partido Nacionalista se convertirá en bagaje histórico de la Nación Puertorriqueña.

"Hablándote en el tono franco y sincero como he procedido en toda mi vida, desco en este momento decirte que me ha extrañado sobremanera el acontecimiento que sigue: Recordarás que antes de tu último viaje a Estados Unidos tuvimos una entrevista de una hora provocada por un mutuo amigo que se encontraba de visita en Puerto Rico. Recordarás que en ese momento me dijiste que tan pronto regresaras me llamarías para que continuásemos conversando en torno a los problemas que tanto nos afectan a todos los que luchamos por la defensa de nuestra independencia. Regresaste, no me llamaste y consideré que tus ocupaciones no te habían permitido llamarme. A los pocos días de tu regreso yo me vi precisado a ausentarme a Nueva York por unos días. ¡Cuál no sería mi sorpresa al enterarme allá que en un acto en sala cerrada que celebró el MPI, y al cual fueron invitados varios nacionalistas, incluyendo al Presidente de la Junta de N. Y. y a la Secretaria, estos tuvieron que abandonar la sala en medio de tu disertación pues no pudieron soportar los ataques que tú hiciste al Nacionalismo! Digo que esto me extrañó precisamente de ti y luego de haber tenido la conversación que sostuvimos. Si esto hubiera ocurrido sin nosotros haber tenido aquella conversación no me hubiera extrañado, pues como te he dicho varias veces algunos miembros del MPI han hecho ataques públicos al Nacionalismo tanto en publicaciones como en actos del MPI. Como recordarás, ese es uno de los temas que te he venido tratando desde la primera vez que conversamos. Sigo sosteniendo lo que te dijera en nuestra primera entrevista. La unión está hecha en el pueblo

patriótico nuestro. El pueblo, indiscutiblemente, está demostrando sensatez y patriotismo. Es tiempo ya de que el patriotismo se entienda en la vía del valor y el sacrificio, como nos dió el ejemplo el Maestro. Se requiere valor y sacrificio para llegar a la altura a la que las actuales circunstancias demandan del patriotismo. Quiero decirte que el Nacionalismo está en esa disposición.

"Respecto a los actos de Lares el 23 de septiembre, deseo decirte que no podemos fijar hora exacta para su terminación. Las organizaciones que tomarán parte son varias y no creo podrá terminarse a las cinco. El año pasado recuerdo se terminó de noche y no había tanto invitado. De todos modos no está en nuestro ánimo entorpecer actos que ustedes u otra organización defensora del ideal quieran llevar a cabo. No es necesario decir que la reunión patriótica ideal a realizarse en Lares es lo más deseable, hecha posible un día por una fraternal revisión de actitudes y opiniones.

"No tengas la menor duda de que en el acto que el MPI celebrará ese día habrá la concurrencia de muchos nacionalistas. Siento no poder acompañarles personalmente, por razones de decoro que tú, como hombre de honor, fácilmente puedes comprender.

"Con mis mejores deseos de éxito me es grato quedar,

"Sinceramente,
(Fdo.)

Jacinto Rivera Pérez

Para que el MPIPR pueda presentar un frente unido contra el Plebiscito, nos urge tener un gran corazón y estar dispuestos a pasar por alto imprudencias pasadas cometidas por otros grupos.

Sería bueno que todos nos unieramos por el momento para aumentar nuestras filas durante esta guerra.

Cordialmente

The Bureau appreciates the interest and enthusiasm exhibited in preparing and submitting the counterintelligence measure set forth in reairtel; however, after giving it careful consideration the Bureau is of the opinion that it should not be utilized. It is felt that this measure could possibly have the effect of furthering the aims and purposes of the independence groups.

While it is not possible to approve your suggestion in this instance, you should continue to give this program your continued attention.

NOTE: San Juan proposed utilizing a letter written by the President of the NPPR to the Secretary General of the MPIPR on 9/14/66 as a counterintelligence tactic. It desired to mail this letter with a short note written in a condescending manner ostensibly from the MPIPR to independentists in Puerto Rico. Although this tactic could possibly cause some ill-feeling between the two organizations, it is felt that added publicity to the letter from the head of the NPPR more than counterbalances any possible good that could come otherwise.

ReBulet, 12/13/66.

On 12/4/66, the Nationalist Party of Puerto Rico (NPPR New York Junta (NYJ) underwent a reorganization. Former dissident Nationalists assumed the principal positions on the Board of Directors and former prominent members of the Board were elected to lesser positions.

On the surface, this would appear to indicate that the previous dissension between the 2 major factions has been resolved; however, the distrust between these factions is so deep rooted that a strong possibility exists that dissension will again erupt.

An indication of this disharmony is the lack of attendance by the current NYJ leadership at a special dance held by [redacted] in NYC within a week of the reorganization. [redacted] will be recalled, previously held the [redacted] of the NYJ and was replaced on 12/4/66 by [redacted]. While the dance organized by [redacted] was not for NPPR purposes, it received the support of most active Puerto Rican independentists because the profits therefrom were to be given to [redacted] a fellow independentist, who had sacrificed money and time to promote the cause of independence in NYC through picketing demonstrations.

The NYO suggests that counterintelligence techniques aimed at reopening the schism between the previously disputing parties be held in abeyance until the exact direction of their relationship becomes known. Based on past experience, this should occur in a reasonably short period of time. It is felt a counterintelligence technique aimed at a specific target to gain a specific objective will prove more effective than a general technique aimed at the entire membership and/or leadership.

San Juan, by letter dated March 14, 1967, recommends that a press release over the signature of the Director be prepared concerning the underground force of Juan Mari Bras in Puerto Rico. Mr. Tolson noted, "I doubt the wisdom of this."

Juan Mari Bras is the founder and dominant leader of the Movimiento Pro Independencia de Puerto Rico, which is the largest of the militant groups seeking independence for Puerto Rico. A plebiscite is scheduled to be held on July 23, 1967, in which the people of Puerto Rico will express their preference for independence, statehood, or a continuance of the commonwealth form of government.

San Juan states that the issuance of the press release would serve the dual purpose of informing the violence-prone element in Puerto Rico that the authorities are alert to their activities and of possibly swaying those members of the independence element who are opposed to communism from participating in violent acts.

Attached is an airtel to SAC, San Juan, advising him that the Bureau does not concur with his recommendation since it could be construed as an attempt by the FBI to influence the outcome of the plebiscite and embroil us in a local political situation.

San Juan has previously furnished Bureau with an outline of the underground organization of JUAN MARI BRAS and has shown its financing and control by Cuba. In casting about for disruptive measures which could possibly minimize the influence of this group and neutralize its effect upon the outbreak of major revolt, San Juan has formulated the following plan which is being set forth for the Bureau's consideration.

A carefully worded Bureau press release in the form of a "Message to the People of Puerto Rico" over the signature of the Director could be issued simultaneously to the Puerto Rican Spanish language newspapers at the time deemed most propitious by the Bureau. This message would emphasize the FBI's neutral position with regard to the Puerto Rican political scene but would point out the Bureau's responsibilities in the Internal Security field. Thereafter, the message would generally contain the following:

For several years, the FBI has been concerned with the extent of influence and control by Cuban communism, with its policy of exporting violent revolution to other Latin American countries, over a certain segment of the Puerto Rican independence movement. We have watched with concern the build-up of a highly efficient Cuban-trained underground network in Puerto Rico, composed of "cells," members of each cell theoretically being unaware

of the identities of other cell members. A substantial number of these cell members have been trained in Cuba in sabotage and guerrilla warfare and have thereafter returned to Puerto Rico to resume their daily routines, quietly waiting to receive the word from Cuba through their leader to initiate their campaign of killing and terrorism. This campaign will be conducted under the guise of the struggle for Puerto Rico's independence but will have as its actual purpose the furthering of the aims of communism in Latin America. Through this campaign of violence and terrorism, assisted and abetted by the communist government of Cuba, this group will be, in effect, attempting to impose its will upon the Puerto Rican people without their consent. Not content with legal and peaceful means to further their aims, this secretive group hopes to create sufficient clamor and confusion on the political scene through violence and terrorism to leave the false impression with the United Nations that the vast majority of the people of Puerto Rico are being subjugated by the United States Government. In this way, they hope to create a favorable climate for the submission of their pro-independence proposals to the United Nations.

The FBI is well aware of the extent and purpose of this underground group, the identities of its officers and individual "cell" members, as well as their targets and overall plan of operation. Proper authorities stand ready to take swift, appropriate action upon the first sign of violence and sufficient measures will be employed to halt this terrorist campaign and protect the people of Puerto Rico from the irresponsible actions of this fanatic group.

The honorable people of Puerto Rico, regardless of their political affiliations and desires concerning the future status of this great island, should be wary

SJ 105-3353

of blindly following the policies of those who, under the guise of seeking independence, advocate violence, and should carefully consider the issues at stake and consequences which would result from such action. Above all, the people of Puerto Rico should avoid being duped into unconscionably furthering the aims of international communism in Latin America.

Issuance of the above press release would serve a dual purpose - that of informing this violence-prone group that proper authorities are alert to their activities and plans and stand ready to summarily deal with any attempt at violence, and that of alerting those in the independence camp to the Cuban communist direction of an organized plan of violence and possibly sway them to oppose any violent action which otherwise they may have supported. In this connection, it is noted that the MPIPR has an estimated active membership of 1300, while it is believed fully twice this number can be mobilized from among active members, inactive members and sympathizers, a large percentage of which may oppose any violent course initiated and directed by Cuba.

While issuance of the above message by the Director may never become necessary, it could be prepared in advance and released if necessary at a time believed appropriate by the Bureau. It may well be that issuance of such a message at the proper time could serve as a severe deterrent to any action by MARI BRAS' underground group.

Bureau's comments regarding above plan would be appreciated.

Re San Juan letters to Bureau dated 12/19/66,
1/10/67, and 2/9/67; Bureau letter to San Juan dated 1/5/67;
New York airtel to Bureau dated 1/16/67; and New York
letter to Bureau dated 3/22/67.

Set out below are additional results of San Juan
counterintelligence letter regarding attempt of [REDACTED]
[REDACTED] to take over the NPPR.

The February, 1967, edition of "El Intransigente",
official NPPR publication, carried a lead editorial by
Editor [REDACTED] (Bufile 100-8184) attacking
the writer [REDACTED] "anonimo" (anonymous letter) and setting
out several [REDACTED] anecdotes purporting to
show that [REDACTED] [REDACTED] the support of adherents of all
political and religious beliefs in the independence struggle.
The editorial concluded with a statement that the writer
of the anonymous letter should know that no one in Puerto
Rico should discriminate against another Puerto Rican, no
matter who the other is, or what his beliefs are.

This editorial began on the first page of text and
was continued for almost another complete page, indicating
by its length and plea for unity the importance attached
to the "anonimo" by NPPR officialdom. The net result, of
course, is greatly increased publicity of the controversy, as
"El Intransigente" is widely circulated in the independentist
community.

Prior to the NPPR General Assembly last month, information was received that an attempt would be made to have [redacted] reelected President. It is further noted that [redacted] is an [redacted] and his identification as the letter's author serves to further exacerbate the strained relations between the MPIPR and the NPPR. The passage in the anonymous letter citing an insulting description of [redacted] by JUAN MARI BRAS was inserted to possibly implicate an MPIPR member as the writer of the letter. U

Regarding the effect of the letter on [redacted] relationship with the NPPR, it is noted that at the [redacted] principal NPPR activities since the mailing of the letter, the [redacted] NPPR General Assembly and the Ponce Massacre commemoration, [redacted] spoke but was not a featured speaker and made no allusions to NPPR - LSP unification, nor did he mention his vision of a Socialist Puerto Rico, a stock item in previous such speeches by [redacted] and the basis of the letter's charges against him. Further, at preceding NPPR major activities several of [redacted] LSP underlings had made speeches and had made the [redacted] grace as a body, arrayed in LSP uniforms. Not only was [redacted] the only LSP speaker at the two recent NPPR major activities but members of his LSP were conspicuous by their absence. [redacted] noted that [redacted] left the NPPR General Assembly [redacted] following his perfunctory speech. Obviously, [redacted] is treading lightly and taking pains to reduce any impression that he is trying to take over the NPPR. 4

COUNTERINTELLIGENCE PROGRAM
(Subversive Control Section)
(OO: SJ)

The Puerto Rico independence groups, in an abortive effort to bring the matter of the proposed political plebiscite scheduled in Puerto Rico for July 23, 1967, to an abrupt halt, have during the recent past, by extensive travel of various members, sought to have the question of Puerto Rico's "colonial" status adjudicated by the United Nations Committee of 24. This matter was heard before the Committee sitting in its entirety on April 19, 1967, and the Committee by a vote of 15 to 8 voted to adjourn the discussion without setting a new date for further debate in this matter.

It is to be noted that local representatives of the various pro-independence groups have issued a plethora of press releases, when originally the Committee agreed to hear their plea that the Puerto Rican question be placed before the United Nations; however, when the matter was shelved on April 19, 1967, the press releases emanating from this same group regarding the United Nations action were minimal.

The San Juan Division plans to reactivate the "Grupo Pro Uso Voto Del MPI" and remind the members of the MPIPR as well as the other independentists organizations of the failure of the group before the United Nations as well as the expenses involved in sending representatives to New York and South America, as well as the expenses involved in the traveling of members of the FUPI behind the iron curtain.

The text of the proposed is as follows:

"DESPIERTA BORICUA, DEFIENDE LO TUYO (Wake Up
Puerto Ricans, Defend What Is Yours)"

"We have been sleeping long, but not deeply and our eyes have been opened again by the failure of our 'jumping grasshoppers' to convince the United Nations to 'liberate' Puerto Rico.

"Are we to continue paying for the pleasure trips of JUAN MARI and CARLOS PADILLA (who is he) to South America when Professor GONZALEZ GONZALEZ in New York must beg money in order to survive? How can we afford the pleasure trips of FATTY PEREZ and henchman, RUBEN ALVAREZ to Manchuria, when each edition of 'Claridad' reminds us to pay our quotas? We are not rich enough to afford sending JUAN MARI to New York every week so that he may return in failure from begging the United Nations to hear our plea for independence.

"We are now without effective leadership, as JUAN MARI has proven himself without influence in matters vital to Puerto Rican independence matters before the United Nations, and we are also certainly on the road to bankruptcy (ask the Financial Commission). All we are left with is Puerto Rican pride, the desire for unity in striving for independence and the ability to vote. The recent effort of our leadership to boycott the voter-registration laws was, as it always has been, a failure.

"We are no nearer to independence now than we were in Ponce in 1959, we are poorer and older, but we hope wiser. Wake up Puerto Rico, make use of the vote! "Grupo Pro-Usa Voto Del MPI."

As has been done in the past, we propose to mail this leaflet from post offices in outlying areas to various representatives of the Puerto Rican independence community and also to select independence leaders not necessarily affiliated with any particular groups.

SJ 105-3353Sub 1

~~It is~~ believed that this letter represents an opportunity to capitalize on the failure of the various representatives of the Puerto Rican independence groups to achieve any success in their concentrated effort before the United Nations and also to again bring to the attention of the rank and file of the MPIPR the amateurish direction of their leadership.

Bureau authority is solicited to immediately put the proposed counterintelligence tactics into effect.

Reurairtel 4-25-67.

The Bureau concurs with you that the refusal of the Committee of 24 of the United Nations to take up the so-called colonial status of Puerto Rico offers an excellent opportunity to utilize a counterintelligence measure to discredit the leaders of the independence movement and particularly Juan Mari Bras. It appears, however, that your proposed anonymous letter as it stands might provoke Mari Bras into taking violent action to overcome this defeat in the eyes of his followers.

It might be desirable to blame the communist bloc and particularly Cuba for the failure in the United Nations and to criticize Mari Bras and the others for isolating the Puerto Rican independence forces from the democratic countries. This would imply that Mari Bras erred in aligning the Movimiento Pro Independencia de Puerto Rico with the communist countries but would not directly attack his leadership.

Your comments concerning the above are solicited. If you concur with the above, submit a proposed letter for anonymous mailing in line with the Bureau's observations.

NOTE: Puerto Rican independence groups in an effort to block the plebescite scheduled in Puerto Rico for 7-23-67 sought to have the Committee of 24, which handles colonial matters in the United Nations take up the colonial status of Puerto Rico. This was defeated 4-19-67. San Juan proposes to anonymously mail a letter to the independentists in Puerto Rico attacking the leadership and stating that Mari Bras has proven himself to be without influence in vital Puerto Rican independence matters.

On 5/1/67, [REDACTED] was identified as an individual who had participated in an MPI sponsored picket of the US Mission to the UN, NY, NY, on 4/12/67. U

[REDACTED]

On May 1, 1967, SAs of the NYO, FBI observed [REDACTED]

[REDACTED]

American colonialism in Puerto Rico and on the plebiscite proposed for July 23, 1967. U

The NYO feels that additional activities showing closer cooperation between the CP, USA and the MPI could have extremely unfavorable effects on attempts of the Bureau and local law enforcement agencies to curtail illegal independence activity in Puerto Rico. As the Bureau is acutely aware the introduction of a large and wealthy Moscow dominated organization into the independence struggle at a time of crisis could result in disastrous complications.

[REDACTED]

[REDACTED] A with its long history of Soviet directed subversion would serve as an excellent conduit for such aid. In addition, the effects of a concerted effort by its numerous front groups and propaganda machinery directed toward Puerto Rican Independence would afford the MPI with a means of advertising in both the continental US and throughout the world. The results of such a campaign are obvious.

[REDACTED]

exL

NY 105-32872

~~CONFIDENTIAL~~

The NYO feels that a directed effort to disrupt any union should be instituted. An initial effort would be a letter which has been prepared for translation into the Spanish language and dissemination by the SJO to the MPI membership through its mailing lists. The aim of the letter is to educate the majority of MPI members to the direction of the MPI by the CP, USA. It is felt that resentment against control by a non-Puerto Rican element would be a natural reaction for these fiercely nationalistic people.

In addition the letter is intended to embarrass MPI leadership by suggesting a "sell-out" and by making it appear that the MPI representative [redacted] was made to appear ridiculous through his role in the May Day ceremonies.

It is felt that the cooperation between the two groups will grow if not curtailed.

Bureau authority is requested to have the letter translated and mailed under secure conditions to MPI members in San Juan Division and in NY Division, by the SJO.

The letter enclosed purports to be an anonymous letter by a dissident member, aware of the activities taking place in both Puerto Rico and New York.

"Awake Puerto Ricans, Defend What Is Yours" U

The MPI through its leadership has betrayed the struggle for independence. U

A short time ago, a prominent member of the Communist Party of the United States, Gil Green, came to Puerto Rico and through the use of influence and money succeeded in doing what all the agencies of repression of the North American government have failed to do. He corrupted Juan Mari Bras, the maximum leader of the struggle. U

Secret agreements were reached. U

Lcdo. Mari, in return for who knows what, agreed to place the cause of independence second to the "party line" of the CPUSA. U

It is no secret that during recent days, Lcdo. Pedro Baiges Chapel, using the pennies of the "jibaros," went to New York and spoke at the CPUSA May Day celebration held there on the first of May. It is no secret that Baiges spoke in English, and badly, either ashamed of his language and culture or anxious to ingratiate himself to the North Americans. It is no secret that Baiges spoke about the goals of the Communist Party and not about the struggle taking place on the Island. It is no secret that many Puerto Ricans present at the ceremony, because of a desire to hear a leader from their country, burned with shame as Baiges made a fool of himself. U

What is a secret, is the story of Baiges' other activities in New York, the story of how he avoided his people, of how he went to cocktail parties at the homes of wealthy communists in the suburbs of New York, of how they gave him only "promises," after he had entertained them and ~~eatered to them~~ ^{Insert} and promised to support first of all the Communist Party, USA. U

What has happened to the fight? Is even our ^{struggle} ~~dying~~ for independence to be controlled by North Americans and from the United States? Are we indeed a lost people engaging in a hopeless struggle? U

Committee Against Foreign Domination
of the Fight for Independence

Bureau believes that the proposed letter may be put to good advantage. However, New York is requested to clarify information set forth in paragraph seven of the proposed letter. This paragraph makes mention of attendance by [REDACTED] at cocktail parties which were held in the homes of wealthy communists. Mention is then made how "he had entertained them and catered to them." It appears that this wording should be clarified and the wording changed since we have mention made of [REDACTED] attending cocktail parties and then we are talking about [REDACTED] entertaining the communists. New York is requested to reword this paragraph for clarification purposes.

The last paragraph of the proposed letter makes mention of "dying for independence." The Bureau believes that in order that more sympathy may not be invoked for the MPIPR cause, the wording mentioned above should be changed from "dying for independence" to "struggle for independence."

Upon receipt of New York reply, further instructions will be issued to San Juan regarding the proposed mailing.

We are not Communists, so why have we sought the aid of Cuba, Russia, Poland and Bulgaria? We are God-fearing people, steeped in the tradition of De Hostos, De Diego and Barbosa, and we have no need of a Castro, Guevarra and other Cuban hoodlums.

Many years have passed since we were born in Ponce, however we are further away from our independence now than we were then. Wake up Puerto Rico, make use of the vote!

Bureau airtel to NY, 5/10/67.

The NYO agrees with the Bureau's conclusion
that information set forth in paragraph seven of the
proposed letter should be clarified. In including in
the letter the words "he had entertained them and
catered to them," the NYO was attempting to show that
while at the cocktail parties concerned [REDACTED] had made
attempts to ingratiate himself with his hosts at the
possible loss of his dignity. It was the intention of
the NYO to subtly show the undermining of dignity which
is so important to the P.R. male.

In light of the Bureau's request to clarify the

1. The phrase in question could be replaced by the phrase "He had been entertained by and catered to by them." It is felt that this wording would result in no possibility of the reader misunderstanding the letter since it would fit in with the mention of [redacted] attending cocktail parties sponsored by the Communists. However, it is also felt that it would not have the affect originally desired by the NYO of subtly undermining [redacted] dignity.

2. As an alternative wording the NYO suggests that the wording in question be replaced by the phrase "he had attempted to ingratiate himself with them and catered to their typically North American opinions about Puerto Rico." The NYO feels that this wording would present no problem regarding clarity and would tend to achieve the affect originally desired.

The NYO is of the opinion that the observation by the Bureau of the possibility that sympathy might be evoked by the phrase "dying for independence," is correct and that the phrase should be changed to read "struggle for independence".

ReNYairtel 5/4/67 with enclosure thereto and
NYairtel 5/11/67.

Authority granted for San Juan to translate the
anonymous letter submitted as enclosure to reairtel 5/4/67 and
to mail it to MPIPR members including members of the
New York Mission. The preparation and mailing should be
handled under the most secure conditions to protect the Bureau
as the source.

The Bureau believes that the alternative wording
as set forth on page two of reairtel 5/11/67 should be
utilized in the second last paragraph of the anonymous letter.
Accordingly, line five of this paragraph should read "gave
him only promises after he had attempted to ingratiate himself
with them and catered to their typically North American
opinions about Puerto Rico and promised to support first of
all the Communist Party, USA." The word "dying" in the first
line of the last paragraph of the proposed letter should be
changed to "struggle."

San Juan and New York should advise the Bureau of any
information coming to their attention regarding the mailing
of this letter.

NOTE:

New York Office has proposed mailing of anonymous letter in Spanish language to members of MPIPR, militant Puerto Rican independence group. Proposed letter is aimed at informing MPIPR members of recent information showing apparent attempts by Communist Party to aid the MPIPR. Gil Green, CP leader, recently made a trip to Puerto Rico in connection therewith and one of the MPIPR leaders spoke at the Communist Party May Day celebration in New York City on 5/1/67. Anonymous letter infers that MPIPR may be placing the Communist Party ahead of the MPIPR fight for independence. It is believed that the suggested anonymous letter will be most beneficial and may help us in preventing a further interjection of the Communist Party into the Puerto Rican independence picture. We asked New York to clarify certain proposed wording in anonymous letter and this clarification is set forth in NYairtel 5/11/67. Changes in the wording in the proposed anonymous letter more clearly points out the point we are trying to get across here.

The Movimiento Pro Independencia de Puerto Rico (Puerto Rican Pro Independence Movement) (MPIPR) (Bufile 105-75715) presently consists of two groups, the MPIPR and the MPIPR Youth, each of which maintains their own slate of officers, although they share the same meeting halls, printing facilities, etc.

There have been recent indications that [REDACTED] (Bufile 105-76456; San Juan file 100-6329), [REDACTED] of the MPIPR Youth, has been having personal difficulties with the various top leaders of the MPIPR, who receive such "spoils" as are available to MPIPR leaders, while the MPIPR Youth does most of the work.

[REDACTED] of the MPIPR Youth, has a personal following, and the San Juan Office feels that if [REDACTED] can be split from the MPIPR at this time, enough of the MPIPR Youth members would be sufficiently confused and disgruntled to effectively neutralize the MPIPR during the critical period just prior to the plebiscite scheduled for July 23, 1967.

ReButel to San Juan and New York, 5/16/67, and NYairtel to Bureau, 5/11/67.

The counterintelligence letter which is the subject of referenced communications has had dramatic results which, upon analysis, indicate that the disruptive purpose of the letter is being achieved.

In the June 11, 1967, issue of "Claridad," the official organ of the MPIPR (the target organization), [REDACTED] has written a lengthy article occasioned by the letter.

[REDACTED] as the Bureau is aware, is the Secretary of Foreign Affairs of the MPIPR, a key figure of the San Juan Office and a delegate to the Tri Continental Conference, which was held in Havana, Cuba, in January, 1966. [REDACTED] is considered one of the most likely candidates to assume the mantle of power, if and when JUAN MARI BRAS, current MPI Secretary General, steps down.

In the article mentioned above, which [REDACTED] captioned, "Another Committee of the C.I.A.," he warns the membership that the "Committee Against Foreign Domination of the Struggle for Independence" is the latest weapon of the notorious Central Intelligence Agency. [REDACTED] labels the statements made in the letter "calumnies" and complains of its widespread distribution.

In an extended comment on past "C.I.A." tactics, [redacted] reviews the history of the "Grupo Pro Uso Voto del MPI", an earlier counterintelligence device originated by the SJO. [redacted] complains of how hundreds of persons associated with the MPI were bombarded with letters from the two Committees and how the letters changed in tone from mild policy statements to vicious attacks upon MPI leaders, in which the "Sinister" committees accused them of all manner of treason. [redacted] then assures the membership that despite all this, the MPI electoral strike, which was the target of past letters, was a success. (As the Bureau is aware, the MPI suffered a serious defeat in its strike against the 1954 elections since the largest percentage of voters in the history of Puerto Rican elections was recorded that year.)

Turning to the letter in question [redacted] takes each of the charges made in the letter and insists that they are not true, dwelling particularly on the alleged "secret meetings" with the CP, USA; control of the MPI by the CP, USA; alleged agreements between the CP, USA and MPI; and, a sellout by MPI leaders corrupted by the CP, USA. [redacted] ends his comments in a series of invectives against the CIA.

Analysis of the Above

1. It is the opinion of the NYO that the subject's letter has thoroughly disturbed MPI leadership. The usual tactic of the organization is to not respond to attacks by its adversaries, feeling that attacks which do not seriously affect the operations of the MPI are better ignored. It is unusual, to say the least, that the MPI would give space and extensive space at that, in its official organ for such a purpose. In addition, the fact that [redacted] whose credentials are set forth above, would be chosen to write a refutation is significant.

2. Factors mentioned in [redacted] refutation further indicate that the weight of the letters impact was strongly felt. Apropos of this is the admission by [redacted] that "hundreds"

NY 105-32872

of MPI members have received counterintelligence letters, that is to say, that the coverage is wide spread and known to be so by MPI leadership. It is felt that references in [redacted] refutation to character assassination show that the NYO's attempt to embarrass [redacted] mentioned in the letter did not go unnoticed by the MPI.

3. At a time when revolution and violence is a distinct possibility in Puerto Rico, the creation of an impression that the CIA is operating in Puerto Rico against the MPI is a welcome result. The NYO is of the opinion that this impression may well act as a further deterrent toward violence.

4. In summary, confusion has been created in the rank and file, and MPI leadership has had to counter with a refutation. The leadership itself, which is of course more sophisticated, has, nevertheless, made a serious analytical mistake about the origin of the counterintelligence letter and will be more cautious with operations as a result. The widespread effect of this measure and the overall counterintelligence program of San Juan and New York has thus been tactfully admitted by the MPI. In addition, the security precautions taken by the SJO in preparing and mailing the letter have proven completely effective as evidenced by MPI leader's belief that the CIA is at the heart of the operation.

Additional results will be reported as received.

5/11/67.

The NYO has recently come into possession of the following information considered pertinent to the recent counterintelligence letter captioned "COMMITTEE AGAINST FOREIGN DOMINATION OF THE STRUGGLE FOR INDEPENDENCE":

Analysis

The NYO feels that the MPI's preoccupation with secrecy and the outrage at its violation in connection with aid from the CP, USA indicates that the above mentioned counterintelligence measure struck a sensitive nerve in a most timely manner. The illusions to a pact with the CP, USA mentioned in the letter were, as the Bureau is aware, fiercely denied by [REDACTED] Secretary of Foreign Affairs of the MPI in the organizations official newspaper "Claridad". It is not unlikely that the NY Mission received instructions to be careful in not publicizing financial aid from the CP, USA lest it cause unfavorable comment by members or non members of the MPI who received the counterintelligence letter.

PURPOSE:

To recommend the preparation of a cartoon by the Exhibits Section of the Administrative Division depicting an attack by members of the Liga Socialista Puertorriquena (LSP) on a Mission of the Movimiento Pro Independencia de Puerto Rico (MPIPR). The LSP and the MPIPR are militant Puerto Rican independence groups. The cartoon is designed to cause discord between these two organizations and will be sent anonymously to members of various independence groups in Puerto Rico.

ST-104

BACKGROUND:

REC-75 105 15124-223

San Juan Office has received information that [REDACTED], has accused [REDACTED] of being a coward. [REDACTED] and other members of the LSP have entered an MPIPR Mission and threatened [REDACTED] with bodily harm unless he proved or retracted his statement about [REDACTED]. On one recent occasion members of the MPIPR Mission were armed with firearms and knives when [REDACTED] and other LSP members came to the Mission and blows were exchanged between the two groups. San Juan Office has suggested that a cartoon be drawn up showing [REDACTED] standing in the doorway of the Mission with indistinct figures standing behind him. Confronting [REDACTED] would be a caricature of [REDACTED] with a machete bearing a Red Chinese slogan. The LSP is known for

its pro-Red Chinese views. [REDACTED] the LSP leader, would be shown behind [REDACTED] pushing him towards [REDACTED]. Under the cartoon there would be printed in Spanish the slogan "[REDACTED] b, You Have Two Weeks to Prove or Retract Your Statement That [REDACTED] is a Coward."

OBSERVATIONS:

It is believed that this cartoon will be of great assistance as a disruptive tactic in the Puerto Rican independence groups. This is most important at the present time since these groups are attempting to unite against a plebiscite which is to be held in Puerto Rico on 7/23/67. At that time the Puerto Rican people will vote for statehood, independence, or a continuation of the present commonwealth form of government.

The preparation of a suitable Red Chinese slogan such as "Down with Imperialism" has already been discussed with the Cryptanalysis-Translation Section of the Laboratory. The Exhibits Section should coordinate the preparation of the cartoon with the Cryptanalysis-Translation Section. Since the plebiscite is to be held on 7/23/67, it is believed most important that the cartoon be prepared as soon as possible to allow for mailing prior to the time of the plebiscite.

RECOMMENDATION:

That the preparation of the above-mentioned cartoon by the Exhibits Section be approved for mailing to members of the Puerto Rican independence groups in Puerto Rico or to persons sympathetic to these organizations. If approved, 250 copies of the cartoon on unwatermarked commercial grade paper should be prepared. Photographs of [REDACTED] and [REDACTED] have been forwarded by San Juan for utilization in preparation of the cartoon.

The following is a suggestion for a flyer to be sent through the mails to members or persons sympathetic to the MPI, LSP, and Nationalist Party of Puerto Rico (NPPR), and it is believed this flyer will further the conflict between the groups there by diverting their energies from the issue of the upcoming plebiscite.

In this flyer, it is suggested a cartoon showing [redacted] standing in a doorway marked "Mission [redacted] with indistinct figures standing behind him inside the doorway. Confronting [redacted] RENTAS should be a caricature of [redacted] with an up-raised machete bearing the markings of the Red Chinese in position as if to strike [redacted].

In this cartoon should also be a caricature of [redacted] crouching behind [redacted] as if in fear, with one hand indicating that [redacted] is pushing [redacted]. Under the cartoon should be printed in Spanish, ([redacted] You Have Two Weeks to Prove or Retract Your Statement that [redacted] is a Coward.") [redacted] Tienes Dos Semanas Para Verificar O Echar para Atras En Tu Declaracion de que [redacted] Es Un Cobarde.)

It should be noted that [redacted] figure should be depicted so that his left hand is in evidence inasmuch as his left hand is deformed having no fingers and only a small appendage for a thumb.

The above flyer could possibly result in the widening of the difficulties between the LSP and MPIPR in Puerto Rico and could also have a definite effect on the NPPR, by causing that group to refrain from becoming involved in the controversy and lessening the cooperation between the groups.

Bureau's comments regarding the above suggestion would be appreciated.

The various groups advocating independence for Puerto Rico have greatly increased their activity with the approaching Plebiscite scheduled for July 23, 1967, to determine the future political status of Puerto Rico. The Movimiento Pro Independencia de Puerto Rico (Puerto Rican Pro Independence Movement (MPIPR) (Bufile 105-75715), as the largest of the pro independence groups, has placed an increasingly heavier workload upon their printing facilities, publishing pamphlets, and publications containing editorial attacks of, and planned demonstrations against, the scheduled plebiscite.

The San Juan Office proposes that a chemical agent, available to the Bureau, be placed in the printers ink, which, activated by the heat of the presses, will emit a strong odor and prohibit the use of the presses.

PURPOSE:

To recommend that we authorize our San Juan Office to mail an anonymous letter to members of the Movimiento Pro Independencia de Puerto Rico (MPIPR) in Puerto Rico and New York City. The MPIPR is a militant Puerto Rican independence group.

BACKGROUND:

In May, 1967, we authorized San Juan to mail the MPIPR members an anonymous letter which pointed up apparent attempts by the Communist Party (CP) to interject itself into the Puerto Rican independence picture. In sending this letter it was indicated that it emanated from the "Committee Against Foreign Domination of the Fight for Independence," which is a fictitious organization. This anonymous letter served as a very good disruptive factor and caused an MPIPR official to write a lengthy article in the MPIPR publication attempting to refute it.

Our New York Office has now learned from an informant that the CP recently sent \$500 to the MPIPR in Puerto Rico through the New York Mission of the MPIPR. The New York Mission attempted to keep this contribution secret but was unsuccessful in so doing and apparently MPIPR members in

New York City learned of the action by the CP. A member of the Executive Board of the New York Mission was reportedly removed from her position on the Board because of statements she made regarding the CP donation.

The New York Office has now recommended the preparation of another letter by our San Juan Office which would be aimed at revealing the CP donation to MPIPR members in Puerto Rico and New York City. It is hoped that the letter will cause dissension within the MPIPR, embarrass the New York Mission for failing to keep the donation a secret, and embarrass the leader of the MPIPR by inferring that he is utilizing the money for his own use.

OBSERVATIONS:

It appears that New York's suggestion has definite merit and will be most useful to us in causing internal strife in the MPIPR.

RECOMMENDATION:

If you approve, the attached airtel will be directed to San Juan authorizing it to mail the letter under secure conditions to MPIPR members in Puerto Rico and New York City.

"Awake Puerto Ricans, Defend What is Yours"

We are grateful to Lcdo. [REDACTED] for explaining to us in the Claridad that the MPI has not surrendered to the Communist Party of the United States. His denials, although vehement enough and interesting enough, do not seem to change the facts which are known to the hierarchy.

We have said before that Lcdo. Juan Mari Bras, the maximum leader of the struggle, had sold the revolution to the Communist Party. Now the Communist Party has sent \$500.00 in the strictest secrecy to Mari Bras, which is probably only one payment for his loyalty.

So secret was the payment, that when [REDACTED] of the Mision Vito Marcantonio in New York remarked about it, she was immediately removed from the Executive Board. This is strange since she was just recently elected by the members of that mission to the Executive Board.

It is difficult to understand why such violent action should be taken against this dedicated fighter for independence, as [REDACTED] certainly is. If the Communist Party directed this act, then our point has been proved, that the North Americans are now in charge of our revolution. Or it may be true that Lcdo. Mari Bras ordered this punishment. Is he afraid that his North American partners will no longer send him this pocket money? Is he afraid that there will be a diminishing in his personal comforts, his first class travel to New York, to South America and who knows where else? How much more money has he secreted, money that is needed so badly in our struggle?

Enclosed is a proposed counterintelligence

which was the subject of referenced communications.

As the Bureau was advised in NY letter of 6/29/67,
the Movimiento Pro Independencia de Puerto Rico (MPI) -
New York Mission (NYM) recently expelled a member of the
Executive Board for talking about \$500.00 given the NYM
by the CP, USA, which was to be sent to Puerto Rico under
a veil of secrecy.

1. Embarrass JUAN MARI BRAS, MPI Secretary General, by suggestions of his dishonesty.
2. Embarrass the NYM by exposing their failure to keep confidential a secret assignment.
3. Restate CP, USA influence over the MPI.
4. Cause dissension between MPI-NYM and MPI in Puerto Rico.

If approved by the Bureau, it is suggested that the San Juan Office again prepare a letter in Spanish to be distributed to MPI rank and file. It is anticipated that the same success achieved by the SJO in its careful preparation and dissemination of the first letter will be the result of a second attempt to disrupt the MPI by use of the "Committee Against Foreign Domination of the Struggle For Independence."

Alerta

NO SE PUEDE PERMITIR LA IMPOSICION
DEL PLEBISCITO COLONIALISTA

A pesar de la manifiesta oposición de los más diversos sectores de la sociedad puertorriqueña, incluyendo amplios sectores del propio partido de gobierno, la administración colonial acaba de enviar a su legislatura un proyecto de plebiscito ordenado por Washington para buscar de alguna forma dar visos de legalidad al régimen.

Sin haber estado radicado aún el proyecto, ya la oposición al plebiscito comenzó a manifestarse por todas partes. Pero de todos los sectores del pueblo, son los luchadores de la independencia los que con mayor vigor y con plena autoridad moral nos oponemos a él. Y si nos oponemos al plebiscito, mucho menos podemos permitir que se incluya en esa maniobra fraudulenta a la independencia por encima de la radical negativa de sus legítimos portavoces.

Nuestra militancia debe estar alerta y bien preparada para responder a cualquier llamada de movilización que tengamos que hacer para detener este fraude.

El Movimiento Pro Independencia estará preparado para movilizar todos sus recursos contra esta nueva burla colonial.

ADELANTE LA EMULACION EN LA VENTA DEL ALMANAQUE PUERTORRIQUEÑO

El anuncio de la emulación en la venta del Almanaque Puertorriqueño de 1967 ha despertado gran interés tanto entre misiones como entre militantes. Algunos compañeros se han enfrascado en una verdadera carrera, solicitando diariamente más almanaques. Hasta el momento están al frente en ventas por individuo los siguientes compañeros: primero: Luis Escribano, (2) José A. Quiles, ambos del área metropolitana, y (3) Antonio Molina, de Carolina.

La Comisión de Finanzas anunció que dará dos premios en la venta de almanaques: uno a la misión y otro al militante que más vendan. Para tales efectos, a medida que van solicitando más almanaques, las misiones deben ir informando los nombres de aquellos de sus militantes que más se destacan en la venta junto a las cantidades que éstos han vendido. Debe entenderse que los almanaques que no hayan sido pagados no serán contabilizados para fines de esta competencia fraternal.

Es importante también que todos los militantes recuerden que es necesario vender todos los almanaques antes de fin de año, puesto que los que no se hayan vendido para esa fecha con toda probabilidad serán material perdido.

REUNION DE SECRETARIOS DE ZONA

El próximo domingo, 11 de diciembre, se reunirán en nuestras oficinas nacionales los Secretarios auxiliares de Organización. Mensaje a la Población

A MOVILIZARNOS PARA DERROTAR EL PROYECTO DE PLEBISCITO

El proyecto de plebiscito Hitleriano, presentado en las Cámaras Legislativas coloniales debe ser derrotado. El pueblo puertorriqueño puede derrotarlo con su protesta. El pueblo no quiere ese plebiscito, porque sabe que el mismo constituye una ofensa a su dignidad y una maniobra para imprimirle legitimidad al colonialismo.

Ya empieza a manifestarse por todos sitios la oposición popular al proyecto. Las fuerzas independentistas todas lo combaten. Aún dentro del Partido Popular, se han manifestado dos grupos distintos en contra del plebiscito colonialista: Vanguardia y los 24 intelectuales y profesionales. Ambos grupos reflejan una creciente insatisfacción dentro del partido de gobierno por la abyección cada vez más insoluble de su jefe político, Luis Muñoz Marín, y las posiciones cada vez más colonialistas que ha adoptado la colectividad. El Congreso Anti-colonialista repudió el proyecto. El Colegio de Abogados ha impugnado la festinación del proceso y solicitado, -- como primera providencia -- que se extiendan por tiempo razonable las vistas públicas sobre el mismo para darle tiempo a someter un enjuiciamiento del proyecto a la luz de los requisitos mínimos probados por el Colegio en años pasados al pronunciarse sobre nuestro problema constitucional.

En fin, ya va tomando cuerpo la protesta cívica contra este nuevo atroco de la maquinaria burocrática colonial. Nos corresponde a nosotros como vanguardia impulsar esa protesta hasta que alcance la fuerza necesaria para paralizar a la burocracia en su empeño de aprobar a toda prisa el plebiscito.

La táctica muñozista consistió en acelerar todo el trámite legislativo para aprobar el proyecto antes de finalizar la sesión extraordinaria de las cámaras, que termina el día 15 de diciembre. POR eso han señalado vistas para los días jueves, viernes y sábado de esta semana. Intentan celebrar estas vistas pro forma. Su propósito es aprobar el proyecto el lunes o martes de la semana que viene. Si no pueden aprobarlo entonces, tendrá que quedarse para la sesión ordinaria de enero, y mientras tanto crecerá la oposición al plebiscito y el pueblo se movilizará y se consolidarán las fuerzas patrióticas.

Tenemos que exigir que se extiendan las vistas públicas, y parar este proyecto. Toda la militancia debe movilizarse hacia las vistas en el capitolio viernes y sábado, para escuchar nuestros planteamientos en las mismas y articular la presión popular que detenga el nauseabundo entregamiento de estos legisladores-sellos de goma.

Nuestros dirigentes en toda la Isla deben trabajar intrasablemente en los próximos horas para conseguir que el liderazgo del pueblo: líderes obreros, dirigentes del pequeño comercio, campesinos, jóvenes, estudiantes, intelectuales y dirigentes de organizaciones de todas clases envíen telegramas a la Legislatura pidiendo ser oídos en las audiencias. Deben movilizar a nuestra gente hacia el capitolio. No importa los sacrificios que hoy se hacen, hoy que meter al pueblo en el capitolio. Que la presencia del pueblo se deje sentir sobre los legisladores pusilónimos que pretenden desconocer a su pueblo y pasar por encima de su mandato. Todavía hay tiempo para evitar que este proyecto se apruebe. Todavía podemos salvar a Puerto Rico de la ignominia de un plebiscito colonialista, inmoral, indecoroso e indecente.

El factor determinante es la lucha. Con una lucha bien articulada y firmemente desarrollada, pararemos el plebiscito AHORA. Eso es nuestra función. Tal es el objetivo del momento para el MPI. Así lo acordó la Comisión Política. Así lo instruímos a toda la militancia. VENCEREMOS.

¡ DESPIERTA BORICUA: DEPIENDE LO TUYO !

Fraternalmente,

JUAN MARI BRAS
Secretario General Interino

TODOS DEBEMOS ESTAR BIEN PREPARADOS PARA EL

SEXTO SEMINARIO NACIONAL DE DIRIGENTES DEL MPI

Los días 20, 21 y 22 de enero será el Sexto Seminario Nacional de Dirigentes del Movimiento Pro Independencia, que discutirá los aspectos fundamentales de nuestra Tesis Política, con miras a su más completa reevaluación.

Debido al tema a discutirse, este Seminario de Dirigentes será uno de los más importantes celebrados hasta ahora por el Movimiento. En consecuencia, todas las misiones centrales deben estar debidamente preparadas para el mismo, discutiendo cuidadosamente de antemano el cuestionario sobre la Tesis que fuere distribuido recientemente. Aquellas misiones que necesiten cuestionarios adicionales deben solicitarlos sin mayor dilación a la Oficina Nacional.

De la misma forma, las misiones deben seleccionar sus delegados al Seminario tomando en cuenta que sean éstos verdaderos portavoces de la misión, dispuestos y preparados para participar activamente en las discusiones expresando los puntos de vista de la misión.

El Seminario se celebrará en el Campamento Yuquiyá, de Luquillo. Los delegados deberán pagar una matrícula de \$10 para cubrir los costos de materiales impresos, hospedaje y comidas. En aquellos casos en que el delegado no pueda pagar dicha cuota de su propio pecunio, la misión deberá ocuparse de pagar la misma.

Cada misión central tendrá derecho a enviar al Seminario el doble de los delegados con que cuente en la Misión Nacional. Las misiones patrióticas participarán en la reunión de la misión central bajo la cual trabajen para la elección de los delegados de la misma. La Juventud elegirá 25 delegados, los cuales deben ser representativos de los núcleos juveniles en toda la isla. De la misma forma, la Secretaría de Acción Femenina tendrá derecho a diez delegadas.

El Sexto Seminario Nacional de Dirigentes constituirá, sin duda alguna, uno de los eventos más trascendentales en la vida de nuestro Movimiento.

=====

Ineludible deber de todos:

CAPACITARSE PARA ELEVAR LA LUCHA PATRIOTICA

Durante la última semana de enero comenzará simultáneamente en todas las capitales de zona el Cursillo Básico de Capacitación Política del MPI destinado a proveer a nuestros activistas con una sólida preparación ideológica que eleve nuestro nivel de lucha. Será deber de todos los activistas tomar este curso y asistir regularmente a todas las sesiones del mismo. En el curso tienen que matricularse todos los dirigentes, desde el nivel nacional hasta las misiones patrióticas. De la misma forma, para el curso no se requiere preparación escolar previa, por lo cual nadie debe sentirse cohibido de tomar el curso por el hecho de tener poca preparación académica.

CURSO DE LA JUVENTUD El curso que venía preparando la Juventud del MPI, por ser de un nivel más avanzado, será integrado en su parte fundamental a la segunda parte del Cursillo Básico del MPI (las últimas cinco lecciones). Seguidamente, será ofrecido en su forma íntegra como un curso de seguimiento, que sólo podrán tomar aquellos que hayan aprobado el primer curso.

Capacitarse plenamente para elevar el nivel de nuestra lucha es un deber fundamental de todo activista del MPI. Por lo tanto, tienen que imponerse la meta de aprobar este curso todos nuestros dirigentes y activistas, quienes luego estarán en condiciones de transmitir estos conocimientos a sectores más amplios.

Las misiones deben, pues, iniciar de inmediato una campaña para matricular a su militancia en el Cursillo Básico de Capacitación Política, de tal forma que los que vayan a tomarlo hagan los preparativos con tiempo para estar en condiciones de trasladarse una vez en semana a la cabecera de zona a tomar el curso. Empieza así un período de preparación y estudio en el MPI y la consigna debe ser que todos los militantes estén totalmente enfrascados en ese proceso. ¡A prepararse todos, a capacitarse todos, a estudiar todos!

ENERO: MES DE RENOVAR LA SUSCRIPCION A LA CARTA SEMANAL

Al comenzar el año, los suscriptores de la CARTA SEMANAL renuevan su suscripción. Cumplen así su obligación de ayudar a cubrir los altos costos que envuelve esta publicación, que tanta importancia tiene para la vida de nuestra organización.

El costo de la CARTA SEMANAL es bastante alto. Incluye la compra de grandes cantidades de papel semanalmente, tinta, estarcidos, electricidad, sellos, amortización de la máquina de imprimir direcciones y depreciación tanto del mimeógrafo como de la máquina de direcciones. A esto se debe añadir el alto costo del franqueo, que llega a cerca de 100 dólares semanales. Comprenderán los lectores de la CARTA la necesidad de pagar puntualmente la suscripción.

Comparado con los altos costos de la CARTA y con la extraordinaria importancia de este vehículo de comunicación de la dirección del MPI, el precio de la suscripción es verdaderamente bajo: \$5.00 al año. No hay razón, entonces, para que nadie deje para luego pagar la suscripción. Y al renovarla, los interesados deben también indicar claramente su dirección para cotizar nuestros archivos.

COMENTARIOS

Salud hermanos:

Acá inter nos, cuidado que pasan cosas que parecen cosas. Hace unos días se cayó o dejaron caer en la vecindad de Vieques una bomba de hidrógeno. Nos enteramos por la prensa del remoto Oeste y ni por esas a nadie se le movió una tripa. Y en verdad la cosa era seria. Naturalmente que luego vino el mentís oficial. Se dijo que era de jugando, que si patatín que si patatán. Pero a mí que me registren porque se me ha metido en la chola que el asunto tenía mucha miga.

Imagínense uds. todo lo que han hecho hasta hoy las fuerzas armadas de "la gran nación" del combo de Combas y e santo habito por espantar a los viequenses de su amada isla sin poder lograrlo. Obviamente esta vez han cambiado de método a ver si se enteran. Desde luego nos hemos enterado pero a través de la prensa cosa que parece haber endemoniado a las grandes fuerzas armadas de la "gran nación" que a la hora presente soñaban no quedaría ni el mas mínimo viequense que no hubiese salido disparado huyendo lleno de pavor por aire, agua o fuego de la pequeña Isla. Se pensaba, además, posiblemente, que la alarma hubiese contagiado a los otros puertorriqueños del mismo pánico y enseguida del pepitazo cundiera el "sal pá' fuera de no te menees." Sin embargo no fue así y la pobre gente siguió sin enterarse aunque se lo dijera la "gran prensa". Sabio instinto de pueblo que trasluce algo singular, a saber: que ésta última "grande", digo "prensa", no sirve sino para comunicar grandes mentiras y callar verdades grandes.

Tal comportamiento ha servido para inquietar ahora (volviendo la oración por pasiva) a las "fuerzas armadas" las cuales decidieron utilizar otra arma secreta. Y así ha sucedido, porque después de muchas consideraciones, consultas y pestes, han dejado caer sobre la población entera al mago de las finanzas intacto, es decir, tal y como había actuado siendo Secretario del Senado Académico de Jaime Benítez en su Casa de Estudios. Llegó, decimos, con sonrisa plácida, que ha hecho sonreír a muchos en pre-Navidad con las muelas de atrás.

No negamos que esta arma haya dejado sentir sus efectos demoleedores en ciertos círculos tenebreros, pero como a la par se anunció que permanecería en el hotel gratis de donde le será fácil salir bajo su augusta palabra luego luego, la gente ha entendido que más que arma mortífera (que lo es) sería amenaza a la vista por sí las moscas. Se dijo que sus efectos atómicos estarían allí bajo control. Valga.

Aprovechando este medio susto vino el gordo pelizco de Las Mareas que fue donde la fuerza de la Phillips entorchó el rabo. Y no les gustó porque la marejada que subió por poquito se trajo o embarranca algún lacayo a sueldo. Enseguida empieza la explosión de otra gran bomba en las alturas de Utuado-Rejuntas. Se trata, desde luego, del atraco mayor de que se tenga memoria en tierra nuestra. Se trata de un robo a mano armada con el permiso de su Mercá "el retirado". Aquí ha sido donde el MFI soltó los controles del chanchullo y por ahí andan los efectos demoleedores de piquetes y protestas.

Más de cuatro han abierto sus paraguas sin pensar que es fuego graneado el que viene de arriba, de las alturas. Esto hace pensar en el himno pentecostés Inc. que dice algo así como "Manda fuego, Señor manda fuego".

Es entonces cuando Udall, Aspinall, et. al, dicen que el Morro y todo nuestro haber histórico les pertenece porque sí. A todo lo cual, el gobierno colonial, sin culminar, et al, no dice ni San Pascual sálvenos del berengenal y de la llovizna termónuclear.

Y como si fuese poco, como éramos pocos, parió la abuela. En medio del terrible desconcierto y horribles pufaladas, después de furtivas visitas a Fortaleza, ¡cataplú!, nos disparan "democráticamente" el Plebiscito.

Ya todo el mundo en Puerto Rico, empezando por los abogados (y Dios nos coja confesados) etc., etc. deben por muerte la farsa plebiscitaria. Hace ya tiempo la habían despellejado y puesto en tiras al sol. Nadie había pensado que el pajarraco tuviese más vidas que un gato. El mismo Mogul "retirado" se había hecho el sueco siendo noruego. Pero... cuando Ud. vende su alma al diablo, Satanás viene a cobrarle siempre, aunque la vieja no quiera. Y así ha sido. La orden es de Washington y a prisa. La campaña emepista mundo afuera le ha pisado callos al Imperio. En la primavera sonará desde el ámbito de las Naciones Unidas el caso amargo de Puerto Rico, víctima de chanchullos y despojos. El Imperio le pide a sus lacayos que caminen como chéveres. Y éstos han empezado a renquear. No importa que el pueblo les diga que no hacen el ridículo. Y es el pueblo justamente quien tiene la palabra. Pero, cuidado si para esto trajeron al Mago de marres, es decir, para administrar el plebiscito? Cuidado, cuidadito.

Reurlet 2/27/68 setting forth a counterintelligence proposal which your office feels would give rise to the possibility that there again exists within the Federation of University Students (FUPI) a dissident faction which will severely disrupt and discredit the FUPI campaign to boycott the 1968 elections for the Independence Party of Puerto Rico (PIP) candidates, in addition to causing serious factional disputes among the FUPI rank and file. You point out that there exists within FUPI a querulous faction which disapproves of FUPI sponsoring a campaign to boycott the above-mentioned elections.

It is not clear to the Bureau how the mailing of your proposed flyer to selected members of the Puerto Rican Independence Movement (MPIPR) and FUPI will accomplish your desired aims inasmuch as the faction you speak of is already known to FUPI and probably the MPIPR, and even if not known to the MPIPR, it appears doubtful that they would be too concerned. The Bureau agrees that your flyer may disrupt the campaign and discredit FUPI in the eyes of those not connected with FUPI or the MPIPR, but to accomplish this your flyer would have to be directed to members of PIP-Youth and other university students.

The Bureau desires that you reconsider your proposal in light of the above observations and submit your views and recommendations.

The Bureau would like to point out that the counterintelligence program in your office has been most productive and effective and your efforts in this area

are appreciated.

Re: Buairtel dated 7/5/67

On 7/25/67, [REDACTED] a member of the Movimiento Pro Independencia Puertorriquena (MPIPR) was interviewed by Special Agents of the FBI in Ponce, Puerto Rico. [REDACTED] among other things, indicated that he wished to report "a terrible threat to the MPIPR".

[REDACTED] displayed a sheet of yellow, letter sized paper on which was imprinted a characterization of a threat to the Ponce Mission. Three figures appear one standing in the doorway of the "Mision 21 de Marzo". The second figure stands outside the doorway brandishing a machete with a label bearing what appears to be Chinese characters. The third figure cowers behind the second. A caption in Spanish says [REDACTED] you have two weeks to prove or retract your statement that [REDACTED] is a coward." According to [REDACTED] the character in the doorway is [REDACTED]

The person with the machete is a member of the Liga Socialista Puertorriquena (LSP) (name not known) who came to the Mission during May, 1967, and threatened [REDACTED] concerning a statement made by [REDACTED] to the effect that [REDACTED] of the LSP, is a coward. The third figure appears to be [REDACTED]

Re San Juan report of [REDACTED]
9/28/67, and Bureau airtel to San Juan,
10/12/67, both captioned, "MOVIMIENTO PRO
INDEPENDENCIA DE PUERTO RICO (PUERTO RICAN
INDEPENDENCE MOVEMENT) (MPIPR), IS-PRN".

Enclosed herewith for the Bureau and New
York are two copies and one copy respectively of a
cartoon depicting JUAN MARI BRAS, [REDACTED] and
[REDACTED]

As noted in referenced Bureau airtel, the
MPIPR youth secretariate has been dissolved and
[REDACTED] has been dismissed as [REDACTED] after
he allegedly attempted to create a faction within the
MPIPR and dismiss [REDACTED] from his position as
MPIPR [REDACTED] and other leadership
positions. On one occasion, [REDACTED] and [REDACTED] very nearly
came to blows over the situation. MARI BRAS has
established a commission to control MPIPR youth activities
until the next national assembly of MPIPR youth in
November, 1967.

RASH AT SEA

Since [redacted] dismissal, the San Juan Office notes he still exerts considerable influence in fact, if not in name, over a segment of MPIPR youth. In that connection, the enclosed cartoon is submitted as a proposed counterintelligence measure which is entirely self-explanatory to the rank and file membership of the MPIPR as follows:

Fat and complacent maximum leader MARI BRAS blissfully leads the MPIPR and the Puerto Rican independentist community beneath the control and domination of the Cuban communist government as depicted by the caricature of FIDEL CASTRO on the flag upraised in the hand of MARI BRAS. MARI BRAS' principal henchman and lieutenant [redacted] acting as axman for his chief, destroys [redacted] the true Puerto Rican revolutionary and leader of the militant MPIPR youth, this depicted by the broken staff of the Puerto Rican flag held in [redacted] hand and the falling JMPI banner. The caption, MUERTE DE REVOLUCIONARIO BORINQUENO (death of a Puerto Rican revolutionary) merely strengthens the connotation that a true Puerto Rican and pursuer of true independence has fallen.

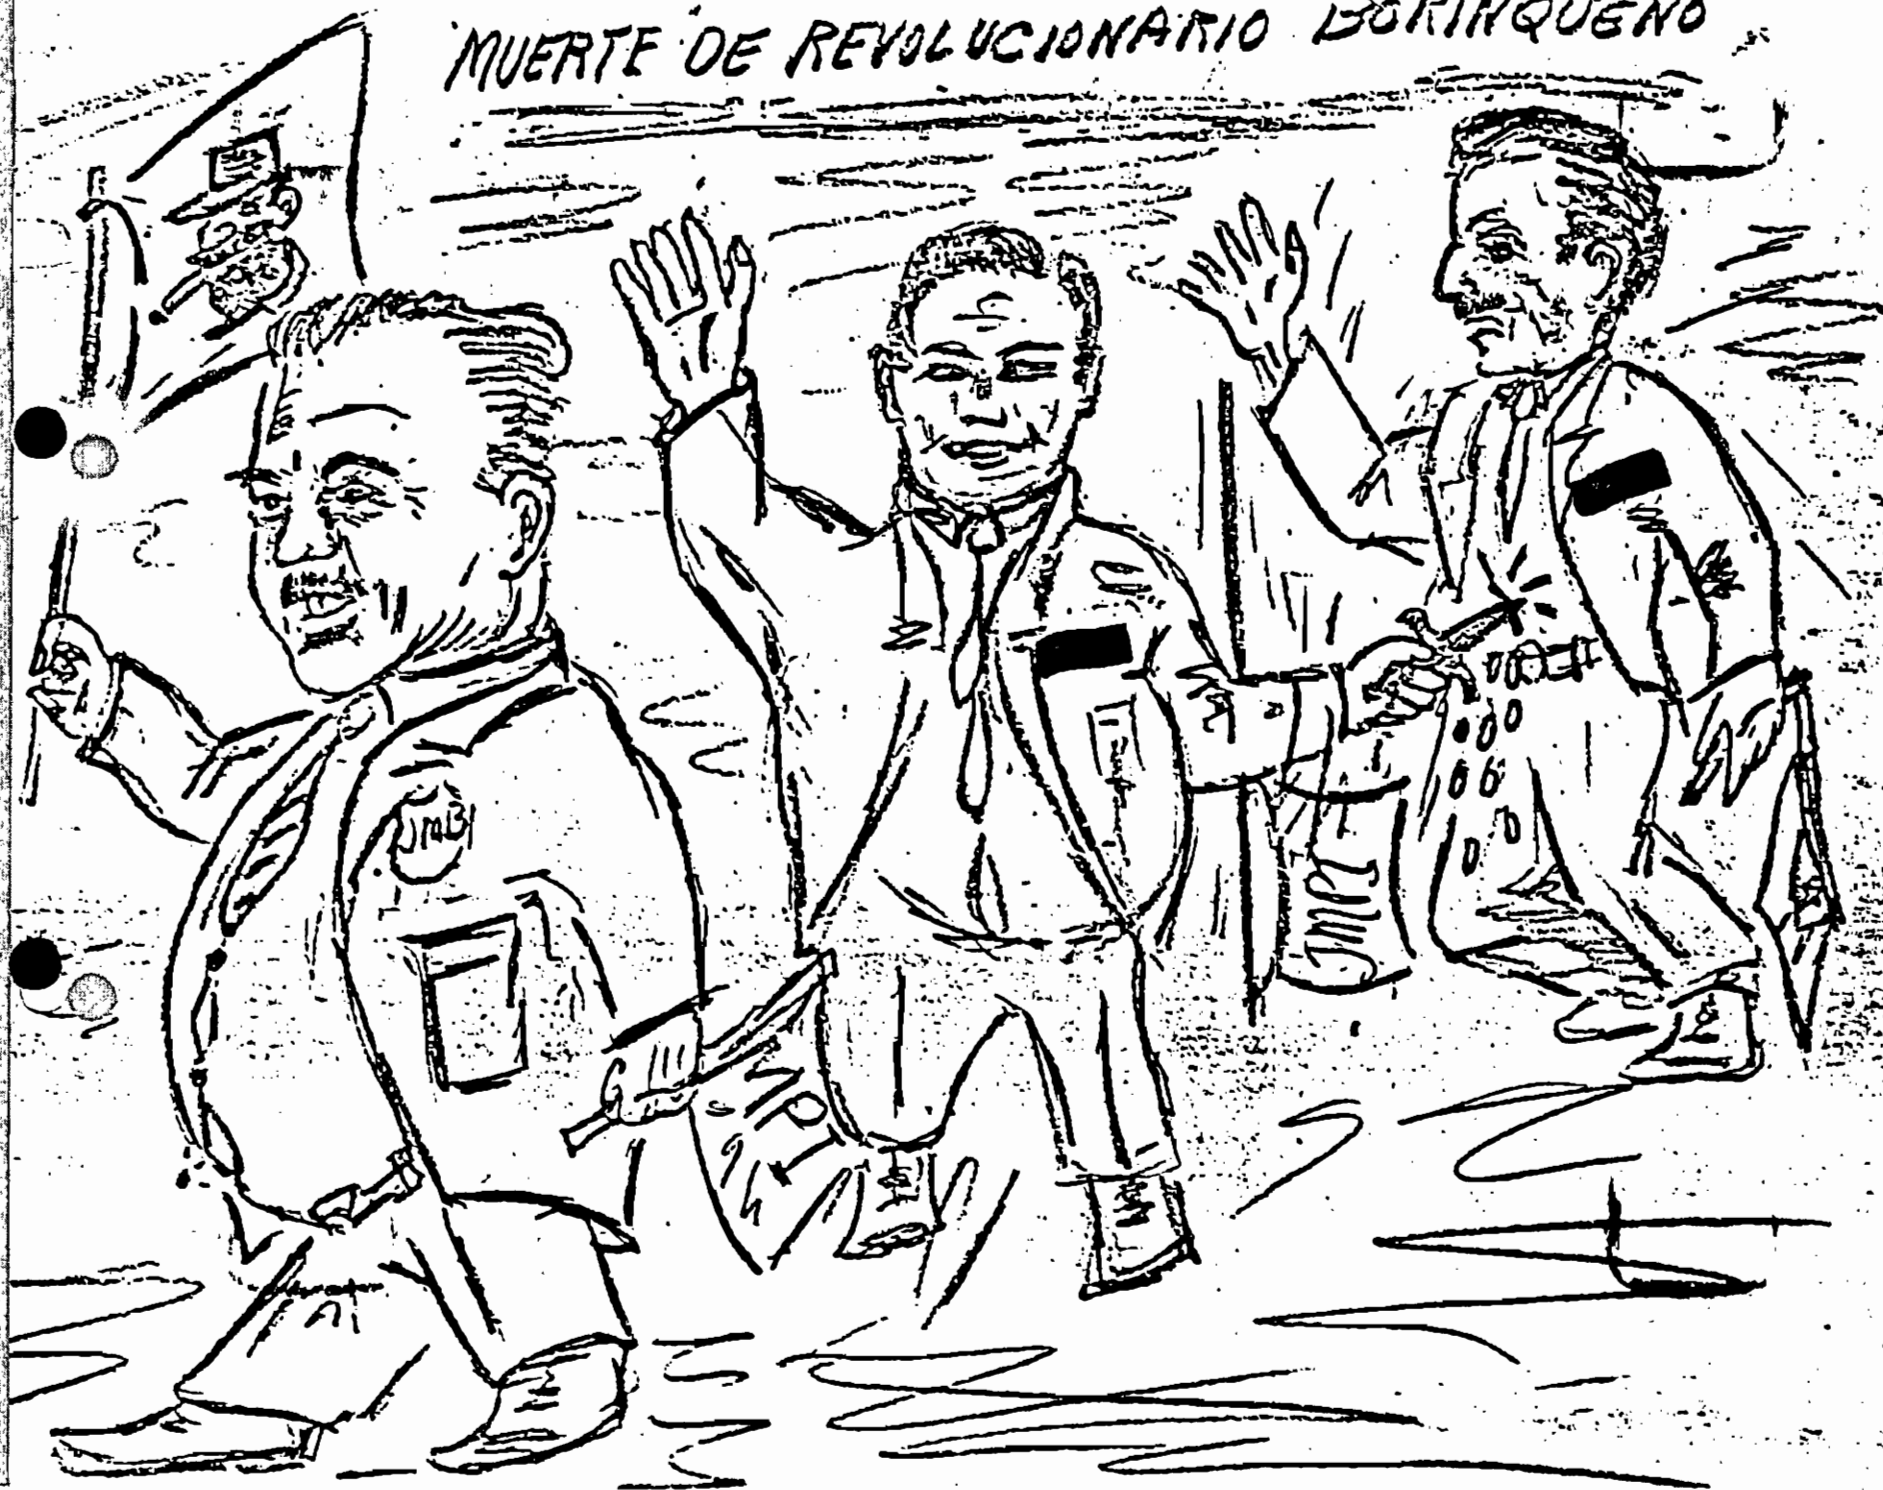

The San Juan Office proposes to reproduce approximately 200 of these cartoons exactly in the rough form as those enclosed in order to add to the authenticity by amateurish appearance. They will be reproduced on plain unwatermarked paper on our xerox copier and mailed under secure conditions to selected members of the MPIPR in Puerto Rico and New York City with emphasis on the younger group.

It is believed this measure will have the two-fold effect of deepening the rift in MPIPR leadership and quite probably actually creating a dissident faction within the MPIPR under the leadership of [redacted] thus creating distrust and confusion both in the inner circle of leadership and the rank and file membership. No possibility of any adverse results of the cartoon can be foreseen.

SJ 105-3353 Sub 1

Bureau authority is hereby solicited to immediately put this measure into effect, noting maximum results will be achieved if the technique is utilized prior to the pending assembly of MPIPR youth scheduled for November, 1967.

ReSJairtel to the Bureau 10/17/67 and enclosures thereto.

Authority granted for San Juan to reproduce the cartoon which was submitted as an enclosure to reairtel and to mail it to Movimiento Pro Independencia de Puerto Rico (MPIPR) members in Puerto Rico and New York City. The preparation and mailing should be handled under the most secure conditions to protect the Bureau as the source.

With regard to the mailing of this cartoon to MPIPR members in New York City, the Bureau has received no information which would indicate that the MPIPR in New York City is aware of the dispute involving [REDACTED]. If this is so, it appears the receipt of the cartoon by MPIPR members in New York City would not have too much impact. Accordingly, New York should suairtel to the Bureau and San Juan with its observations regarding the above so that San Juan can be guided accordingly as to whether or not the cartoon should be mailed to MPIPR members in New York City.

San Juan and New York should keep the Bureau advised of any information coming to their attention regarding the mailing of the cartoon.

Re SJ airtel, 10/10/67.

It should be noted that [REDACTED] was a Speaker at an anti-Viet Nam demonstration held in NYC on 8/6/66. A large number of organizations participated in this demonstration. As the purpose of the leaflet attached to re SJ airtel is to embarrass JUAN MARI BRAS, NYO feels that 2 copies of the leaflet, if approved, should be mailed from Puerto Rico to the blow organizations, with several exceptions. It is hoped that the leaflet will be passed along within each organization, thus being more effective than a wide mailing to specific individuals.

PURPOSE:

To recommend that we authorize our San Juan Office to mail an anonymous cartoon to members of the Movimiento Pro Independencia de Puerto Rico (MPIPR) in Puerto Rico and New York City. MPIPR is militant Puerto Rican independence group.

BACKGROUND:

The MPIPR youth secretariat has been dissolved and the [REDACTED], has been dismissed after he allegedly attempted to create a faction within the MPIPR and dismissed [REDACTED] from a position of leadership in the MPIPR. [REDACTED] are both included in the Security Index. Reportedly, [REDACTED] and [REDACTED] nearly came to blows over the above-mentioned dispute and a commission has been established to control MPIPR youth activities until the next national assembly which is to be held in November, 1967.

To exploit this situation, a cartoon (attached) has been prepared by the San Juan Office. It shows Juan Mari Bras, leader of the MPIPR and a Security Index subject, with a flag in his hand. In the middle of the flag is shown the face of Fidel Castro. Behind Juan Mari Bras is [REDACTED] who is shown sticking a dagger into the stomach of [REDACTED]. Over the cartoon is the slogan "Death of a Puerto Rican Revolutionary." This is printed in Spanish in the cartoon. The revolutionary referred to, of course, is [REDACTED]. San Juan proposes to reproduce 200 of these cartoons on its Xerox copier and mail them under secure conditions to selected members of the MPIPR in Puerto Rico and New York City with emphasis on young members.

OBSERVATIONS:

It appears San Juan's suggestion has definite merit and will be most useful in causing internal strife in the MPIPR. This is most important at the present time since, as noted above, the national assembly of the MPIPR youth is scheduled for November, 1967. In addition, it is most important that we take all measures possible to disrupt the MPIPR since its activities of late have become more militant and its young members were involved in recent student riots in Puerto Rico.

RECOMMENDATION:

If approved, the attached airtel will be directed to San Juan authorizing it to Xerox the cartoon it has prepared and mail it under secure conditions to MPIPR members in Puerto Rico and New York City.

ENCLOSURE

[REDACTED]

San Juan feels the preparation and mailing of the proposed handbill to independence groups and newspaper media located in Puerto Rico and New York under the name of the "Sixto Alvelo Defense Committee" would afford the Bureau an opportunity to capitalize on this matter to the extent it will cause embarrassment to JUAN MARI BRAS, the MPIPR, and to FUPI, in trying to justify [REDACTED] actions. Further

[REDACTED]

SJ 105-3353 Sub I

consideration is being given to mailing a copy of the proposed handbill to Radio Havana since they afforded [redacted] radio publicity during the early stages of his case.

Should the Bureau approve this proposal it would require that the handbills be prepared at the Seat of Government to approximate as closely as possible the form, type and color of print of the enclosed handbill distributed by the Sixto Alvelo Committee during 1966. The last line on this handbill was purposely deleted since San Juan is not positive of the current mailing address being used by the Committee. To afford proper coverage 200 copies of the proposed handbill would have to be printed so as to provide 100 for New York and 100 for San Juan.

It is requested the Bureau give expeditious consideration to this proposal as mailing of the handbill by New York and San Juan should be somewhat contemporaneous with [redacted] s reclassification date.

Any comments New York may have with regard to this matter are solicited.

Re San Juan report of SA [REDACTED]
dated 10/25/67, captioned "PARTIDO COMUNISTA PUERTORRIQUENO
(COMMUNIST PARTY OF PUERTO RICO) (PCP); IS - C."

As set out in the cover pages of referenced report, the PCP continues attempts to ingratiate itself with the MPIPR and to identify MPIPR actions and goals with its own, hoping ultimately to greatly increase membership through recruitment of MPIPR members. As a matter of fact, three current PCP Central Committee members were recruited from the MPIPR approximately one year ago and retain MPIPR membership. In addition, the two newest PCP members, accepted into the Party on 9/16/67, are MPIPR members, one of these being a leader of the MPIPR Mission at Fajardo, Puerto Rico.

In the past such PCP proselytizing has been countenanced by the MPIPR, that organization being aware of the debilitated condition of the PCP. However, a recent development within the MPIPR portends a possible change in relationship between these organizations. On 10/22/67, an assembly of MPIPR members from all San Juan metropolitan area missions was held. The letter announcing this assembly indicated that one of the assembly topics would concern the possibility of the MPIPR adopting a Marxist-Leninist outlook. In addition, the 10/27/67, issue of "Carta Semanal", MPIPR weekly newspaper, set out that the MPIPR Political Commission, prior to the adoption of a new MPIPR political thesis at the Sixth National Assembly in December, is studying six themes, one of which is "Should the science of Marxism-Leninism be adopted as a guide for MPIPR action?"

Regarding the above, it is noted that the MPIPR since its inception has welcomed all who desire independence for Puerto Rico, regardless of ideological convictions. At the same time, MPIPR leaders, cognizant of the basic antipathy of Puerto Ricans, predominantly Roman Catholic, to Communism, have consciously avoided, at times through public statements, any direct, overt linkage of the MPIPR to communism. As little as a year ago, the words "Marxism-Leninism" would have been anathema in any MPIPR publication or public statement. In view of the proximity in time, it is felt that this possible new MPIPR direction may have been suggested to, or forced upon, MPIPR Secretary General JUAN MARI BRAS during his attendance at the Latin American Solidarity Organization (LASO) Conference in Havana, Cuba, 7/31 - 8/8/67.

It is further felt that MARI BRAS and his leadership associates, realizing the disruptive potential inherent in MPIPR adoption of the Marxist-Leninist ideology, are attempting, through a display of general membership "discussion" at MPIPR zone assemblies of the "possibility" of adopting a Marxist-Leninist outlook, to gauge membership reaction to such a radical step prior to the Sixth National Assembly and to give the impression that inclusion of this ideological outlook in the new thesis would reflect membership consensus rather than imposition by the leadership.

The SJO feels that the above situation can be exploited by means of a counterintelligence letter, purportedly written by an anonymous veteran MPIPR member. This letter would alert MPIPR members to a probable Communist takeover of the organization in light of certain recent events. By means of emphasis on the imminence of a Communist putsch within the MPIPR and an emotional appeal to combat same, it is felt that a considerable rank and file reaction to such a takeover would be generated, thereby frustrating any plan to adopt a Marxist-Leninist viewpoint in the new MPIPR thesis and causing considerable embarrassment to MARI BRAS in his capacity as MPIPR maximum leader and in his carefully cultivated relationships with Cuba and with the CP, USA, which latter organization reportedly is furnishing, through MARI BRAS, free Stateside legal counsel to a number of youths, mainly MPIPR members, currently awaiting trial at San Juan for their respective refusals to be inducted into the Armed Forces. Further, reaction to an alleged Communist takeover of the MPIPR could result in defections from that group and create an atmosphere of dissension and distrust with long range weakening effects. It is also felt that this letter will inhibit further PCP attempts to recruit within the MPIPR.

SJ 105-3353-Sub 1

The following draft of a proposed letter is therefore being submitted for Bureau approval:

"MPI Members,

" We have reached a turning point in the independence struggle. We are growing in numbers and strength. It is obvious to all that the United Nations will soon consider the matter of Puerto Rican independence, following which the United States will be forced through diplomatic pressures to grant that which has been our right since the first 'Grito' (shout) of Lares. It is at this point, then, that the Communists, as they have done in so many other nations, plan to seize control of the liberation movement for their own purposes. This is not an idle statement. There is proof. Were not recent zone assemblies ordered to consider the possibility of MPI adoption of a Marxist-Leninist viewpoint? Is there not a plan to force adoption of Marxism-Leninism as the basis for the new thesis to be announced at the National Assembly next month? And is it a secret that the leader of the Fajardo Mission has joined the Communist Party along with several of our Youth from the metropolitan zone? What is happening?

" There can be only one explanation. These strange events have occurred since the return of 'Licenciado' (lawyer) MARI BRAS from the OLAS Conference. It appears obvious that FIDEL somehow, perhaps by means of blackmail, convinced our leader that the victory for independence in Puerto Rico must be a Communist victory. Is it not the strategy of the Communist jackals to inject themselves into independence struggles for their own purposes when victory is in sight, when true

~~CONFIDENTIAL~~

SJ 105-3353-Sub 1

"patriots have worked and fought, been imprisoned and even died for the ideal while Communists watched silently and hid their cowardice?

" We must not allow the Communists to steal our victory. What have we gained if we exchange JOHNSON for FIDEL or MAO TSE TUNG? We are Puerto Ricans and Christians, not Communists who hate GOD and owe loyalty to foreigners. We are inspired by the philosophy and deeds of DON PEDRO, not those of foreigners MARX and LENIN. Puerto Rico must be preserved for the Puerto Ricans, for our children and their children, forever.

" Only Licenciado MARI BRAS has the power to end this Communist threat before it is too late. He must publicly identify Communist Agents and withdraw his support from them. Only in this manner can he remove the stain from his patriotic honor. Any mistake can be forgiven if there is repentance.

" I have done my duty by alerting fellow members to the Communist infiltration. I regret only that I must remain anonymous as I have grown old in the struggle and do not wish to be a figure of controversy. All of us, young and old, must protest the emergence of the Communist vermin. If we succeed, the MPI will go forward in unity to the final triumph. If we fail, the Communists will gain control of our organization, cause disunity and do irreparable harm to the independence struggle. Awake! Defend what is yours!

The "Grito de Lares" mentioned in the first paragraph of the above letter is an independentist catchphrase referring to an abortive Puerto Rican uprising 99 years ago at Lares.

The statement that several "Youth" ("Juventud"-MPIPR Youth Group) joined the PCP concurrently with [REDACTED] is false but this will not be known to the readers of the letter. There recently was a split in the MPIPR Youth between the "radical" element led by [REDACTED] and the predominant "conservative" element. Many have long considered [REDACTED] "hardliner", pro-Red Chinese [REDACTED] a communist or communist sympathizer and the allegation in the letter, being non-specific as to names and not therefore susceptible to proof or disproof regarding individuals, may be construed as a reference to [REDACTED] and several cohorts.

If approved by the Bureau, the above letter will be translated into idiomatic Spanish and mailed to selected MPIP members in Puerto Rico and New York City. These letters should be mailed prior to December 1 in order to stimulate a reaction in advance of the Sixth National Assembly mentioned above.

New York is requested to furnish the names and addresses of not less than five nor more than ten influential MPIP - NYM members. Include the address of [REDACTED] representative, as he is known to feel strongly that the MPIP should carefully avoid a pro-Communist line, such being repugnant to the average Puerto Rican.

Purpose is to recommend that we authorize our San Juan Office to mail an anonymous letter to selected Movimiento Pro Independencia de Puerto Rico (MPIPR) members in Puerto Rico and New York City. Letter will point up communist influence in MPIPR, which is the most militant of the Puerto Rican independence organizations.

BACKGROUND:

The two newest members of the Communist Party of Puerto Rico (PCP) are also MPIPR members and one of them is a leader of a MPIPR Mission. The PCP is continuing its attempts to ingratiate itself with the MPIPR and is achieving some success as evidenced by the fact that the MPIPR Political Commission is considering whether or not the science of Marxism-Leninism should be adopted as a guide for MPIPR action.

In the past, Puerto Ricans have reacted adversely to communist influence in the independence movement and San Juan feels that the latest communist attempts may have resulted from Cuban pressure on Juan Mari Bras, leader of the MPIPR.

OBSERVATIONS:

San Juan suggests the mailing of an anonymous letter purportedly written by a veteran MPIPR member. It will point

Up communist attempts to seize control of the Puerto Rican independence movement; suggest that Castro influence on Juan Mari Bras is the reason for attempted communist inroads and call for repudiation of the communists by Juan Mari Bras. We feel that this counterintelligence technique is an excellent idea and should be approved.

ACTION:

If approved, the attached airtel will be directed to San Juan authorizing it to prepare the anonymous letter (in the Spanish language) and to mail it under secure conditions to selected MPIPR members in Puerto Rico and New York City.

Re San Juan airtel to Bureau dated 10/10/67;
Bureau airtel to San Juan dated 11/3/67.

[REDACTED], voluntarily appeared at the office of the FBI, San Juan, Puerto Rico. He advised that he had become disenchanted with the Movimiento Pro-Independencia de Puerto Rico (Puerto Rican Independence Movement) (MPIPR) since he realized that it was now functioning as a communistic organization, serving neither the people of Puerto Rico nor the United States. He also indicated that additionally he no longer cared to be associated with the MPIPR for personal reasons and intended to serve in the U.S. Army.

[REDACTED] recently arrested by Bureau Agents for violation of Selective Service laws and had been awaiting trial together with several other Puerto Rican youths, all primarily members of the Federacion de Universitarios Pro-Independencia (Federation of University Students for Independence) (FUPI) or MPIPR for similar violation.

JUAN MARI BRAS, Secretary General of the MPIPR is attempting to use these individuals as test cases to determine the legality of Selective Service laws as applied to Puerto Ricans.

[REDACTED] stated that this matter had caused him considerable anxiety and he believed that it was having a similar effect upon several of the other MPIPR and FUPI members so involved; particularly since it is felt that MARI BRAS may not be depended upon for the necessary support should an adverse court decision be rendered against these defendants who now stand in the position of offering themselves as sacrifices to the policies of the MPIPR.

San Juan, when the above is taken into consideration in connection with the counterintelligence measure set forth in referenced San Juan airtel, believes that the ramifications are twofold:

1) A strong rallying point and source of cohesion among the FUPI and MPIPR has recently been opposition to the Selective Service laws in Puerto Rico. The counterintelligence measure proposed, viewed in the light of information provided by [REDACTED] could prove to be extremely pertinent at the present time and could destroy all confidence in MARI BRAS and his organization in their positions as would be companions or violators of the law. MARI BRAS' position could evolve into a source of embarrassment to the MPIPR and their policy of opposition to Selective Service should further difficulties such as [REDACTED] occur.

2) The counterintelligence measure if effective could remove a potential source of embarrassment to the Bureau in that the MPIPR, in connection with the arrests of its members for Selective Service violations constantly seeks to ascribe political motives to such and is continuously searching for means of embarrassing the arresting Agents, and consequently the Bureau, at the time arrests are made. The San Juan Office has always been extremely circumspect in these matters, however, it is felt that an effective counterintelligence technique could possibly be instrumental in decreasing potential for embarrassment in this regard.

SJ 105-3353 Sub 1

In view of the above, the counterintelligence measure suggested in referenced airtel is now a very timely step to take. For this reason San Juan requests that the Bureau reconsider this matter in the light of these new developments and authorize San Juan to employ this counterintelligence measure.

Information copy is being provided New York in view of their continuing interest in this matter.

Since the Selective Service case on [REDACTED] is still pending at the present time, the Bureau does not believe that the counterintelligence measure suggested in SJairtel 10/10/67 should be approved. Your letter 6/9/67 regarding [REDACTED] San Juan file 25-19489, indicated that he was being carried as a delinquent with the local Selective Service Board because his case had not been referred back to the Board by the United States Attorney's Office for final action by the local Board. In your report 10/31/67 regarding [REDACTED] San Juan file 105-7706, you indicated that the documents filed by the subject with the local Selective Service Board entitled him to a reclassification from 1A to 3A. The report indicated that the local Board expected to render a decision in this matter on 10/17/67.

The Bureau feels that your suggested counterintelligence measure has definite merit and when the Selective Service case on the subject is resolved, you should advise the Bureau under captioned matter if you still desire to follow through with the suggested counterintelligence measure.

NOTE:

[REDACTED] a Security Index subject, has been one of the leading figures among Puerto Rican youths in defying Selective Service laws. San Juan received information that he submitted certain forms to his local Board and the filing of these forms constitutes to some degree a recognition by him of the authority of the Board. San Juan feels that we should publicize his compliance to cause dissension within the ranks of independence groups and in particular, among those youths who are defying Selective Service laws.

This matter was discussed with the Special Investigative Division which is handling the Selective Service case on the subject and it feels that the counter-intelligence measure should not be considered until the Selective Service case is resolved.

Your Weekly Intelligence Summary dated 11/22/67 told of a meeting on 11/12/67 between Juan Mari Bras and members of the Federacion de Universitarios Pro Independencia (FUPI) Executive Committee. According to information received by your office, Mari Bras accused three of the members of attempting to cause a split between FUPI and the Movimiento Pro Independencia de Puerto Rico (MPIPR). Reportedly, one of the three members called Mari Bras a liar and Mari Bras responded by slapping this individual in the face. Reportedly, a letter was sent by the FUPI Executive Committee to Mari Bras asking for an apology regarding his actions at the meeting.

Distinguished Friend and Compatriot,

We are honored in inviting you to become a member, if you are not already one, of the Avelo Committee for the Defense of Puerto Rican Youth, an organization which is the successor to the Committee for the Defense of Sixto Alvelo. We also earnestly point out to former members the necessity of their moral support and material contributions.

This committee has assumed the responsibility of continuing to watch over the defense of Puerto Rican youths charged before the Federal Courts with alleged violations of the Obligatory Military Service law. These cases transcend the boundaries of parties or groups, because the very life of our youth is at stake here.

After the triumph obtained in the case of Sixto Alvelo and his friends, new accusations have been brought against other youths in the establishment of a new tactic by Federal authorities. During October of this year discussion was begun in court concerning first motions of the new cases.

Court defense is very expensive. The services of Rabinowitz and Boudin, the same American lawyers who defended Sixto Alvelo, have again been obtained. These lawyers specialize in cases being tried in U. S. Federal courts involving Civil Rights, political and constitutional matters. They, plus the Puerto Rican lawyers who lent their services free of charge in the Alvelo case, along with other lawyers who have joined the case, will handle the defense.

In addition to paying the legal fees of the American lawyers, we have to bear the expenses of an orientation campaign for Puerto Rico. This campaign is of extraordinary importance inasmuch as the defense calls for a series of fundamental questions will most likely be precedent-setting in regard to the subjugation of Puerto Ricans to the laws of Obligatory Military Service.

Every Puerto Rican must be made aware of these cases because they symbolize the thousands who have faced or are now facing the trap of violating their consciences or suffering five years imprisonment. Then the civic spirit of our people will know the gravity of the situation now being experienced by our youth in its resolute struggle against the blood tribute being tyrannically imposed against us.

All of us must know that in the modern world there is no other metropolis which may impose Obligatory Military Service on its territories or colonies. During Spanish rule we were never forced into this inequity. Today we are the exception.

Equate this economic contribution with aid for the defense of youths of military age which we could have in our own families. Put yourself for a moment in the position of father or mother, wife or relative of one of these youths and you will be better able to understand the sorrow and anxiety involving each of these cases.

We want you to share with us the responsibility which we have assumed in seeing that justice is done and the right of conscience is respected. Thank you in advance for your contributions.

Distinguidos compatriotas,

Sixto Alvelo, simbolo de la lucha en contra del Servicio Militar Obligatorio, le ha pedido a su Junta Local, y ésta le ha otorgado, una resolución para evitarle las pruebas y venganzas por las cuales tendría que pasar, de ser llamado de nuevo a ingresar al Servicio Militar.

Recientemente nos enteramos que Alvelo tomó esta acción, siguiendo los consejos y con consentimiento de su abogado, Juan Mari Bras, el líder máximo del MPI.

Con su acción, Mari Bras y Alvelo han creado la confusión en los mentes de nuestros jóvenes, quienes, por tanto tiempo han respetado a Alvelo por su lucha en la oposición al Servicio Militar Obligatorio.

105 - 93124 - 242

En realidad reconocemos la independencia de los Estados Unidos, pero la denunciamos. No todos los jóvenes de la independencia de Puerto Rico, como nuestros jóvenes siguen el ejemplo de tal parece que Mari Bras y Alvelo, nuestra juventud los siga en su actitud de mayor cooperación en sus relaciones con el Servicio Selectivo.

Esta acción de parte de Mari Bras y Alvelo solo se puede considerar como una traición y traición a la causa por la cual nuestro Comité siempre ha luchado con ahínco; para llevar a la juventud de Puerto Rico de la tendencia imperialista de los Estados Unidos.

Nosotros, los miembros del Comité Alvelo Pro Defensa de la Juventud Puertorriqueña, denunciamos la acción tomada por Alvelo y Mari Bras para renunciar de su responsabilidad hacia nuestra juventud. Otra

vez hacemos un llamado al pueblo de Puerto Rico para que se una detrás de los miembros de este Comité y no sigan la indecisa dirección de Mari Bras.

Distiguído amigo y compatriota,

Nos honramos en invitarlo a hacerse miembro, si aun no lo es, del Comité Alvelo Pro Defensa de la Juventud Puertorriqueña, organización sucesora del Comité Pro Defensa de Sixto Alvelo. Recordamos asimismo, encarecidamente, a los antiguos miembros la necesidad de su apoyo moral y de su contribución material.

Este Comité ha asumido la responsabilidad de continuar velando por la defensa de los jóvenes puertorriqueños acusados ante la Corte Federal por una alegada violación a la ley del Servicio Militar Obligatorio; estos casos trascienden los límites partidistas o de agrupación pues en ello está en juego la vida misma de nuestra juventud.

Después del triunfo obtenido con el archivo del caso de Sixto Alvelo y de sus compañeros, han surgido nuevas acusaciones a otros jóvenes, al concretarse un cambio táctico de las autoridades federales. Durante el mes de octubre de este año comenzaron a discutirse en la corte las primeras mociones pertinentes a los nuevos casos.

La defensa en los tribunales es muy costosa. Se han contratado los servicios del mismo bufete de abogados norteamericanos que defendió a Sixto Alvelo, el de Rabinowitz y Boudin de Nueva York, que se especializa en derechos civiles, políticos y constitucionales ante las cortes federales de los Estados Unidos. Este bufete lleva la representación, junto con los abogados puertorriqueños que han servido gratuita y espontáneamente en el caso Alvelo, y aquellos otros abogados que de igual forma se han integrado a la defensa.

105-93124-242

Además de pagar los honorarios de los abogados norteamericanos, hay que sufragar los gastos de una campaña de orientación por toda la isla. Esta campaña es de extraordinaria importancia por cuanto la defensa plantea una serie de cuestiones fundamentales a la jurisdicción federal las cuales con toda probabilidad sentarán precedentes en lo que respecta a la sujeción de los puertorriqueños a las leyes del Servicio Militar Obligatorio.

Cada puertorriqueño debiera conocer estos casos porque simbolizan a millares que han pasado y siguen pasando por igual encrucijada de violar sus conciencias o sufrir cinco años de prisión. Entonces el espíritu cívico de nuestro pueblo comprenderá la gravedad de la situación por la que atraviesa la juventud en su lucha denodada contra el tributo de sangre que se nos impone tiránicamente.

Todos debemos saber que en el mundo moderno no hay otra metrópoli que imponga a sus territorios o colonias el Servicio Militar Obligatorio. Durante el régimen español nunca se nos sometió a esta iniquidad. Nos toca hoy ser la excepción.

La aportación económica que ahora se haga equivale a una ayuda para la defensa de los jóvenes de edad militar que podamos tener en nuestra propia familia. Sitúese usted por un momento en la posición de padre, o madre, o esposa, o familiar de uno de estos jóvenes. Así podrá comprender mejor el dolor y la angustia que se encierra en cada uno de estos casos.

Sabemos que usted querrá compartir con nosotros la responsabilidad que nos hemos impuesto de que se haga justicia y se respete el derecho de conciencia. Gracias anticipada por su contribución.

~~ALVELO COMMITTEE~~

~~FOR DEFENSE OF THE PUERTO RICAN YOUTH~~

Sixto Alvelo, symbol of our youth struggle against compulsory military service has requested and been granted by his draft board a reclassification to avoid the trials and embarrassment he would have had to bear by again being called for induction into the military service.

We have recently learned that this action on the part of Alvelo was done on the advice and consent of his attorney Juan Mari Bras, championed leader of the MPI.

By their actions Mari Bras and Alvelo have created confusion in the minds of our youths who have for so long respected Alvelo for his struggle to resist compulsory military service.

A question of principle is involved since it appears that Alvelo and Mari Bras in actual fact do recognize the authority of the United States Government in Puerto Rico, while at the same time publicly denounce it. Since all loyal advocates of Puerto Rico's independence have called upon our youths to follow Alvelo's example it seems Mari Bras and Alvelo now wish our youths to follow them in promoting a more cooperative attitude in matters involving Selective Service.

This action on the part of Mari Bras and Alvelo can only be looked upon as being an act of cowardice and a betrayal of the cause for which our committee has so loyally dedicated itself; to free Puerto Rican youths from the imperialistic demands of the United States.

We, members of the Alvelo Committee For Defense of the Puerto Rican Youth, denounce the action taken by Alvelo and Mari Bras to free themselves of their responsibilities to our youth. We again call upon the people of Puerto Rico to unite behind the efforts of this committee and not follow

the indecisive leadership of Mari Bras.

Distinguished Friend and Compatriot,

We are honored in inviting you to become a member, if you are not already one, of the Avelo Committee for the Defense of Puerto Rican Youth, an organization which is the successor to the Committee for the Defense of Sixto Alvelo. We also earnestly point out to former members the necessity of their moral support and material contributions.

*** Individual with university degree, possibly an attorney.**

This committee has assumed the responsibility of continuing to watch over the defense of Puerto Rican youths charged before the Federal Courts with alleged violations of the Obligatory Military Service law. These cases transcend the boundaries of parties or groups, because the very life of our youth is at stake here.

After the triumph obtained in the case of Sixto Alvelo and his friends, new accusations have been brought against other youths in the establishment of a new tactic by Federal authorities. During October of this year discussion was begun in court concerning first motions of the new cases.

Court defense is very expensive. The services of Rabinowitz and Boudin, the same American lawyers who defended Sixto Alvelo, have again been obtained. These lawyers specialize in cases being tried in U. S. Federal courts involving Civil Rights, political and constitutional matters. They, plus the Puerto Rican lawyers who lent their services free of charge in the Alvelo case, along with other lawyers who have joined the case, will handle the defense.

In addition to paying the legal fees of the American lawyers, we have to bear the expenses of an orientation campaign for Puerto Rico. This campaign is of extraordinary importance inasmuch as the defense calls for a series of fundamental questions will most likely be precedent-setting in regard to the subjugation of Puerto Ricans to the laws of Obligatory Military Service.

Every Puerto Rican must be made aware of these cases because they symbolize the thousands who have faced or are now facing the trap of violating their consciences or suffering five years imprisonment. Then the civic spirit of our people will know the gravity of the situation now being experienced by our youth in its resolute struggle against the blood tribute being tyrannically imposed against us.

All of us must know that in the modern world there is no other metropolis which may impose Obligatory Military Service on its territories or colonies. During Spanish rule we were never forced into this inequity. Today we are the exception.

Equate this economic contribution with aid for the defense of youths of military age which we could have in our own families. Put yourself for a moment in the position of father or mother, wife or relative of one of these youths and you ~~will be~~ better able to understand the sorrow and anxiety involving each of these cases.

We want you to share with us the responsibility which we have assumed in seeing that justice is done and the right of conscience is respected. Thank you in advance for your contributions.

Your proposal has been carefully considered. Though we are most anxious to disrupt the activities of Juan Mari Bras and Movimiento Pro Independencia de Puerto Rico (MPIPR), the proposal has a bearing on your Selective Service work. If the letter was mailed and finds support from those receiving it or from those who would hear about its contents, it would in effect encourage continued opposition to Selective Service laws and thus would create additional work for your office in the Selective Service field. Though the letter might cause some individuals to follow the example of Sixto Alvelo and comply with Selective Service requirements, the Bureau feels that there is a much greater chance that the letter would find support and, as mentioned above, encourage opposition to Selective Service laws. Accordingly, your request on this matter is not being authorized.

Your continuing interest in the submission of counter-intelligence proposals is appreciated by the Bureau.

ReBulet, 1/24/68.

The principal organizations in the NY area in the Puerto Rican independence movement, at the present time, are the Nationalist Party of Puerto Rico (NPPR)-NY Junta and the Movimiento Pro Independencia de Puerto Rico (MPI)-NY Mission (NYM).

Concerning the NPPR in the NY area, the NY Junta consists of about 15 to 18 active members and has never been more divided or wrought by schisms than at present. Two factions exist each with 7 to 9 adherents. The NYO believes that tranquility will return only when one faction is eliminated from Nationalist membership either through resignation or by expulsion by the NPPR- National Board in Puerto Rico. This Division believes that no counterintelligence measure against the NPPR could possibly be as effective as these 2 divergent factions working against each other.

The NYM has an active membership at the present of about 30 individuals under the leadership of [REDACTED]. The NYO believes the NYM at present is drifting. Since the plebiscite in Puerto Rico on 7/23/67, the NYM has had no real issue to propagandize. There have been no public demonstrations for several months, little collaboration with other groups and regularly scheduled meetings have been poorly attended. The NYM has received no or few directions from the National Mission of the MPI.

In view of the above, the NYO presently is not considering a counterintelligence measure against the NYM; however, the NYO will act to this program when the direction or future plans of the NYM become obvious and such measure would logically be productive.

Re San Juan airtel and LHM to the Bureau dated
2/20/68 and captioned "FUPI, IS-PRN."

As set forth in referenced LHM the youth of the
Independence Party of Puerto Rico (PIP-Youth) are in the
process of organizing a student group which will attempt
to exhort University of Puerto Rico (UPR) students to vote
for PIP candidates in the Puerto Rico elections scheduled
for November, 1968.

To counter the afore-described activity, FUPI
by means of their official publication "Informacion Es-
tudiantil", recently announced that they would sponsor
a campaign to boycott the 1968 elections, and in addition,
sponsor a series of debates between FUPI, PIP Youth and UPR
Student Council representatives. The theme of the debate
is "Puerto Rico Elections of 1968; vote or boycott".

San Juan Office feels that the afore-described situation can be exploited by means of a counterintelligence flyer purportedly written by an anonymous committee. This flyer would give rise to the possibility that there again exists within the FUPI a dissident faction which is not in agreement with its current policy, it being noted that the FUPI was recently ravaged with internal dissension that resulted in eleven FUPI members submitting irrevocable resignations.

Further, the San Juan Office is of the opinion that the flyer will severely disrupt and discredit the campaign as well as cause serious factional dispute among the FUPI rank and file.

The proposed text of the flyer is as follows :

"FUPI ERRS AGAIN"

"Recently FUPI announced that it would sponsor a campaign to boycott the 1968 Colonial elections.

"In the past electoral abstention has failed to bring us any nearer to independence, in fact, it has actually aided Populares and Statehooders to retain control of our government. As manifested by the results of the elections in 1964 and the plebiscite in 1967, we are even farther than ever from achieving our rightful place in the family of autonomous Antillean nations.

"Following a traditional line of extremist groups, FUPI has posed as the representative of the independentist feelings of the student body that does not support it, as a legitimate spokesman for the student body of which it represents hardly 2%. And despite the emotional advantage of having independence as the cause it advocates, FUPI has never achieved respectability among the students themselves due mainly to its vociferous use of Communist propaganda.

"Are we to be particularly 'proud' of the activities of our FUPI students who have brought the University such a fine reputation in the eyes of the world? Due to their

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

efforts the world sees our students as lawless brigands desecrating their University campus, jeering at their Chancellor and finally forcing police action to curb their juvenile antics.

"We have always maintained, as have various members of our group, that the electoral strike campaign is a sterile, useless and cowardly maneuver to a true independentist.

"We will always remain convinced that the only possible way to independence is through the vote. Now is the time for rational students to take inventory of the situation and remove once and for all any doubts about our numerical strength. The ballot is the only solution. Independence is not dead. To the Polls!!!

"El Comit  Contra la Huelga Electoral"

"The Committee against an electoral strike campaign"

If approved, the flyer will be typed in Spanish language on cheap grade paper and mailed to selected MPIPR, FUPI and PIP-Youth members. The flyer will be mailed from an area removed from the Metropolitan San Juan district in a manner that will insure it cannot be traced to a Bureau employee.

NOTE:

San Juan in relet submitted a flyer to be typed up in the Spanish language on cheap-grade paper to be mailed to selected members of the Puerto Rican Independence Movement (MPIPR), a militant Puerto Rican independence organization; FUPI; a militant Puerto Rican independent student organization; and PIP-Youth.

2. The MPIPR has recently publicly announced its Marxist bent and is reorganizing its political thesis on Marxist-Leninist principles. Many members, including some lesser officers, have voiced their disapproval of this move and point out that it conflicts with the strong Roman Catholic religious beliefs of many Puerto Ricans who favor independence for Puerto Rico.

3. Sources have recently advised of romantic interests between MPIPR Secretary-General JUAN MARI BRAS and member [REDACTED] as well as member [REDACTED]. This, while being a rather open secret, is not common knowledge in the rank and file membership.

Based on the above, the SJO proposes the preparation and distribution of about 250 copies of a leaflet in the Spanish language, the English text of which is as follows:

"Consider, Puerto Rican

"Once more the campaign mounts. Once more the cry is raised that the imperialist elections must be stopped - boycott the electoral farce.

"Very well, boycott we shall, if that is the path to a free Puerto Rico. But is it the path? Enough of this emotionalism. Emotionalism can hide facts for a while, but only a little while.

"These are facts:

"1. [REDACTED] and his puppet [REDACTED] in a brilliant display of how to lose the growing influence we were beginning to enjoy in sectors of the people, publicly announced our embracing of the Marxist-Leninist doctrine (without consultation with the majority of us). As the Bureau is aware, the Movimiento Pro-Independencia de Puerto Rico (Puerto Rican Independence Movement) (MPIPR), with affiliated groups, is planning another electoral strike campaign in which it hopes to influence large sectors of the Puerto Rican electorate to abstain from participating in the Fall, 1968, elections. The MPIPR already is laying plans for the campaign.

The situation as it presently stands in Puerto Rico is as follows:

1. In direct opposition to the above campaign, the Independence Party of Puerto (PIP) headed by its president [REDACTED] is conducting a vigorous campaign to register as many independentist voters as possible to participate in the elections. On 3/4/68, [REDACTED] publicly proclaimed the PIP candidates will receive at least 125,000 votes in the elections. [REDACTED] supported the MPIPR boycott of 1966, and to a lesser extent the previous one in 1964. However, apparently due to open criticism from some MPIPR leaders, he has withdrawn his support.

In that connection, it is noted that as recently as 1956, the PIP was the second most powerful political power in Puerto Rico, but it has since become weakened and split with internal dissension. Efforts to unify the party are in process, and include a youth group on the University of Puerto Rico (UPR) campus to influence students to vote for PIP candidates.

and the hoped for support of the God-fearing people, which the vast majority of Puerto Ricans are.

"2. Our attempts at electoral boycotts, sometimes ridiculous, have all been miserable failures. True, in July of last year, only 60 per cent of eligible voters participated; and true, depending on who interprets the results, it could be said that the 40 per cent abstention represents a 40 per cent vote for independence. But consider this. In any country with a democratic electoral process, it is seldom that as many as 70 - 75 per cent of eligible voters participate. The better educated the people, the more likely they are to vote, and sad though it is, it must be recognized that we are not among the best educated peoples. So, even if we take full credit for 12 - 15 per cent of the non-voters of last year and assume they were influenced by us, this is no staggering success, no repudiation of anything.

"3. There is no denying the desire for independence in most of us, though it may be latent in many. Given the proper impetus, the proper leadership, the desire can be awakened. But the proper impetus is not to be found in the Christ-forsaking Leninist doctrines, but rather, in the guidance and dedication of leaders who are aware of the strong desire of Puerto Ricans for freedom; leaders who see undistorted reality, and who believe in the democratic, not autocratic, exercise of our God-given rights and privileges.

"4. Fifteen short years ago we had our sovereignty within reach and could have attained it by democratic process. In 1952, 125,000 people voted for independence, we put five senators and 10 representatives in the legislature. In 1954,

"Independentists of voting age numbered 250,000. What happened is clear. Petty ambition spoiled our chances. Selfish leaders, our [redacted] among them, destroyed our unity to satisfy personal vanity. A near mortal blow was suffered.

"5. We have clearly witnessed democracy as practiced in our organization: - What happens to our leaders who question the dictates of a chosen few? - What happens to our youth who dare to question the authoritarian methods of [redacted] and his puppets?

"Wake up Puerto Ricans, the way to independence is clearly not the Marxist-Leninist, anti-Christ way! The way is through our awakening of the independence ideal in the people and our sending them to the polls. The United States would not dare deny us our freedom in the face of adverse world opinion by refusing us our independence when clearly voiced by the majority.

Wake up, Puerto Ricans, before it is too late! The above leaflet, in the name of a fictitious group already used with considerable success, while decrying too much emotionalism, will accomplish the fourfold purpose of somewhat emotionally pointing up the anti-religious nature of the Marxist doctrines being advocated.

SJ 105-3353 Sub I

by most of the leaders of the organization; will, while showing the failure of past boycotts, point up the strength and past successes of the PIP through the legal and peaceful electoral process; will plant in the minds of the rank and file the idea of the futility of another costly boycott; and will imply that their hard-earned money is being spent on riotous and immoral living by MARI BRAS and his consorts.

The leaflet will be mailed to members of the MPIPR with attention being given to those known to be more conservative in their approach to independence and who still maintain some semblance of religious and anti-communist beliefs. Members of the PIP will also be included in the mailing, as will selected representatives of news media and security informants.

It is believed the MPIPR leadership will officially credit the PIP with the leaflet and brand it as an attempt to disrupt MPIPR efforts at unity, hence widening the already existing rift between the two organizations. At the same time, since it is common knowledge that some MPIPR members oppose the switch to the Marxist line, it appears likely to create a feeling that the fictitious group actually exists within the MPIPR and thereby cause confusion.

If authority for utilization of the tactic is granted, the Spanish text will be prepared and mimeographed by the SJO on cheap, unwatermarked paper and mailed under secure conditions in the outlying areas of San Juan.

Bureau authority is hereby solicited to put the above tactic into effect.

Purpose is to recommend that we authorize our San Juan Office to mail a leaflet in the name of a fictitious Puerto Rican group to members of the Puerto Rican Independence Movement (MPIPR), the largest and most militant of the groups seeking independence for Puerto Rico, and the Puerto Rican Independence Party (PIP), a legally constituted political party.

BACKGROUND:

The MPIPR is planning another electoral strike campaign in which it hopes to influence large sectors of the Puerto Rican electorate to abstain from participating in the Fall, 1968, elections. The MPIPR has recently publically announced that it is Marxist bent and is reorganizing on Marxist-Leninist principles. Among the rank and file of the MPIPR including some lesser officers, there has been dissension on this new political thesis. In opposition to the above campaign, PIP is conducting a campaign to influence the independentist voters to participate in the elections.

The San Juan Office has recommended the preparation of a leaflet which would be aimed at influencing the people of Puerto Rico to vote and revealing that the Marxist-Leninist doctrine is an image of terroristic barbarians and not one

which the MPIPR should embrace. It is hoped that this leaflet will cause dissension within the MPIPR, will widen the already existing rift between the MPIPR and PIP, and discourage the planned boycott of the elections.

OBSERVATIONS:

It appears that San Juan's counterintelligence suggestion has definite merit which will be useful in causing internal strife in the MPIPR.

RECOMMENDATION:

If you approve, the attached airtel will be directed to San Juan authorizing it to mail the leaflet under secure conditions to selected members of the MPIPR and PIP.

[REDACTED]

On 4/3/68, aforementioned source advised that FUPI, PIP-Youth and University of Puerto Rico Student Council representatives have intensified their respective campaigns regarding the elections in Puerto Rico scheduled for November of 1968.

According to source, PIP-Youth and UPR Student Council representatives continue to exhort students to vote in the election while FUPI continues its electoral strike campaign.

PIP-Youth representatives are exhorting all students to go to the polls and vote for PIP candidates, as that organization is of the opinion independence will only be achieved through the election of their candidate. This is diametrically opposed to the FUPI campaign.

Memorandum is to advise of positive results achieved against the Movimiento Pro Independencia de Puerto Rico (MPIPR) as a direct result of our continuing counterintelligence program. The MPIPR is the largest, most articulate and most militant of the groups seeking independence for Puerto Rico.

The Bureau had authorized San Juan to mail a San Juan conceived leaflet to members of the MPIPR. Leaflet, which was prepared in the name of a fictitious Puerto Rican group, was aimed at influencing the people of Puerto Rico to vote in the Fall, 1968, elections and revealed that the Marxist-Leninist doctrine is an image of terroristic barbarians and not one which the MPIPR should embrace. It was hoped the leaflet would cause dissension within the MPIPR, would widen the already existing rift between the MPIPR and the Puerto Rican Independence Party (PIP) and discourage the planned boycott of the elections. The PIP is a legally constituted political party in Puerto Rico.

Additionally, a San Juan source has advised the MPIPR leadership has officially attributed the leaflet to the PIP and

As you are aware, on 7-21-68 the Popular Democratic Party (PDP), the party currently in power in Puerto Rico, turned down the bid of the present Governor, Roberto Sanchez Vilella, for renomination to another term. Sanchez has indicated that in spite of this, he plans to run for office on 11-3-68. Apparently, the party's convention bowed to the wishes of former Governor, Luis Munoz Marin, and nominated Luis Negron Lopez.

This should lead to a lively election period when taken together with the various machinations in which the independentists can be expected to participate.

You should closely follow the activities of the various independence seeking groups to determine their plans concerning this election. Be especially alert to any plans of these groups to take advantage of the current problems within the PDP. Submit pertinent information received in a form suitable for dissemination by most expeditious means warranted utilizing caption most appropriate to information being reported.

Enclosed for the Bureau are nine copies of an LHM captioned and dated as above which are suitable for dissemination.

As indicated in LHM, if the Peoples Party (PP) continues its present bent, it could well become an unexpected gift for the Independentist community in Puerto Rico in that it provides a ready-made and powerful vehicle to obtain political power. Although on the surface it appears the party most likely to suffer from the advent of the PP over the short term is the Puerto Rican Independence Party (PIP), the PP could well, in the long term, become a cohesive force uniting the Commonwealth-Sovereignist group with the more open advocates of independence as the PIP and the Puerto Rican Independence Movement (MPIPR).

This matter being closely followed by the San Juan Office.

LHM being disseminated locally to NISO, OSI, 771st MI-Detachment, and Secret Service.

GROUPE SEEKING INDEPENDENCE FOR PUERTO RICO

INTERNAL SECURITY - PUERTO RICAN NATIONALIST

The August 8, 1968, issue of "El Mundo", a Spanish language daily newspaper published in San Juan, Puerto Rico, in its political column "Trasfondo", written by Associate Editor Miguel A. Santin, comments in detail concerning the fact that incumbent Puerto Rico Governor Roberto Sanchez Vilella, having failed to secure the nomination as Popular Democratic Party (FDP) candidate for governor in the November, 1968, elections, has accepted the full leadership of The Partido del Pueblo (Peoples Party) (PP) and will be that party's gubernatorial candidate in the coming elections.

The article notes that several key leaders of the FDP, including Senator Jose Arsencio Torres and Representative Luis F. Camacho, all known as "sovereignists" with strong independentist sentiments, have bolted the FDP and are throwing their full support to Sanchez Vilella. Thus the PP, originally formed as pro-statehood in nature, has taken a "sovereignist" slant, and could draw the support of the Independentist community.

The article likewise notes that the PP, through Sanchez Vilella, has free access to the Commonwealth Electoral Fund since, as governor, he is treasurer of this fund.

The August 9, 1968, edition of "El Mundo" in its political column "En Torno A La Fortaleza", written by political columnist Eliseo Combas Guerra, notes the PP, due to both its former pro-statehood slant and its present Independentist cast, has the power to draw votes both from the Statehood Republican Party (PER) and from the Puerto Rican Independence Party (PIP), as well as the "sovereignist" element of the FDP. Hence, it could

The August 16, 1968, edition of "The San Juan Star", an English language daily newspaper published in San Juan, Puerto Rico, carried an article on page one to the effect that the PP will include in its platform a call for a second political status plebescite which will include as one choice commonwealth status "with sovereignty" similar to that of the British Commonwealth countries.

The PDP is the incumbent political party in Puerto Rico.

The FP is a recently formed political party in Puerto Rico presently under the leadership of incumbent Governor Roberto Sanchez Vilella, who bolted the PDP in late July, 1968.

The PER is the Pro-Statehood Party in Puerto Rico.

A characterization of the PIP is attached hereto.

On April 1, 1968, the [REDACTED]

that the Partido Independentista Puertorriqueno (Independence
Party of Puerto Rico) (PIP) is a former legally constituted
party, which according to its officers, advocates independence
for Puerto Rico through legal and peaceful means.

In the November, 1964, general elections in Puerto

**INCENDIARISM IN PUERTO RICO
INTERNAL SECURITY - PUERTO RICAN NATIONALIST**

PURPOSE:

To recommend approval of San Juan's recommendation for counterintelligence move against group which has claimed credit for recent incendiarism in Puerto Rico.

BACKGROUND:

The Camandos Armados de Liberacion (CAL) is a pro-independence group in Puerto Rico which has claimed credit for many of the recent acts of incendiarism. CAL recently directed bulletin to news media and selected pro-independence individuals in Puerto Rico calling for Puerto Ricans to assist in sabotage activities and support CAL.

CURRENT DEVELOPMENTS:

Investigation by San Juan has revealed pro-independence activists feel that bulletin published by CAL was prepared as a trick by police or Central Intelligence Agency (CIA) to expose persons active in incendiarism and allow a wave of arrests of independentists for terrorism.

PROPOSED COUNTERINTELLIGENCE MOVE:

San Juan has recommended a bulletin be prepared purportedly from CAL disclaiming authorship of the plea for assistance and branding it as a police trick as suspected by the aforementioned pro-independence activists. Such a move would cause confusion among the ranks of the pro-independence groups and supporters and would have effect of denying support to CAL by those in fear of arrest by local authorities.

The bulletin would be prepared in format previously used by CAL and would be prepared on a typewriter having suitable Spanish characteristics which should be available to San Juan Office in Puerto Rico.

OBSERVATIONS:

San Juan's recommendation appears to have merit and could result in creating considerable confusion among the incendiaryists who are marshalling their forces for a forthcoming national holiday when they plan additional incendiary acts.

RECOMMENDATION:

San Juan be authorized to proceed with its recommended counterintelligence move.

If approved, attached teletype will be sent incorporating instructions for operation by San Juan.

Re Butel, 9/12/68.

JUN 6 1977

Attempt made 9/13/68, through [redacted] to
Puerto Rico, [redacted] to
determine whether typewriter suitable for use in counterintel-
ligence measure mentioned in retel is available. As Bureau
is aware this typewriter utilizes Royal monoface type, has
no Spanish characters nor accents contained in keyboard, and
due to termination of production is rarely found at present
date. [redacted] has advised that his
company has no such machine available and he has no knowledge
of the location of a similar typewriter in Puerto Rico.

Reproduction of the 9/4/68, Comandos Armados De Lib-
eracion (CAL) bulletin would be self-defeating since it is
this bulletin itself which the counterintelligence measure
seeks to discredit. The measure, in order to be effectively
implemented, must utilize a facsimile of prior CAL communi-
cations, all of which were written in letter form by typewriter
with Royal Monoface type. Copies received by local press
services were carbon copies, not otherwise mechanically
reproduced, thus obviously obviating the use of mechanical
process of reproduction which would allow disguising type
characteristics.

Since October, 1967, a wave of incendiaryism and bombings has swept Puerto Rico causing damages estimated in the millions of dollars. By means of letters directed to local news agencies a group, self-named the Comandos Armados De Liberacion (Armed Commandos of Liberation) (CAL) has claimed responsibility for these acts of terrorism and has vowed a continuation of their attacks against U. S. owned businesses.

Recent arrests of individuals associated with isolated instances of such incendiaryism and bombing, however, have all been of members or persons connected with the Movimiento Pro-Independencia de Puerto Rico (Puerto Rican Independence Movement) (MPIPR), the leading pro-independence group in Puerto Rico and, in fact, during the separatists' celebration of Grito de Lares, at Lares, Puerto Rico, on September 23, 1968, JUAN MARE BRAS, MPIPR leader, made specific reference to the CAL in his speech before an assembled throng of seven to eight thousand persons and "saluted" the CAL's endeavors. Thus, it has been well demonstrated to the people of Puerto Rico, including members of pro-independence groups, that the existence of the CAL may well represent the extension of clandestine arm of the MPIPR or at least cellular groups operating within the ambit of that organization.

In order to exploit this situation, the San Juan Office proposes that a cartoon be prepared and disseminated to select targets in Puerto Rico including members, sympathizers or persons affiliated with the MPIPR, Liga Socialista Puertorriquena (Puerto Rican Socialist League) (LSB), and the Nationalist Party of Puerto Rico (NPPR), depicting the following:

A "judas goat" bearing the features of JUAN MARI BRAS, leading a group of sheep through a guillotine carrying the label "CIC". The CIC is the Criminal Investigations Corps, the Police of Puerto Rico Agency charged with investigation of incendiarism and bombing and the organization responsible for recent arrests of individuals connected with such activity. Each sheep will bear the name of an individual arrested for complicity in recent terroristic activity. A caricature of FIDEL CASTRO will appear in the cartoon leading MARI BRAS and commenting, "Don't worry MARI some sheep must be sacrificed in each revolution, and anyways, I'll see that you remain safe and well fed."

It is expected that dissemination of this cartoon will accomplish the following results:

Point out the fact and strengthen existing feeling that MARI BRAS and the MPIPR are responsible for the CAL's actions with its resultant property damage, unemployment, and adverse effect on the Puerto Rican economy.

Act as a deterrent to future action of the CAL as a result of the exposure and publication of their identity with the MPIPR.

Renew suspicion that MARI BRAS and his organization are puppets of FIDEL CASTRO, an alliance which is still regarded with distrust and suspicion among even the most staunch advocates of Puerto Rican independence.

Create the impression that MARI BRAS is willing to sacrifice members of his organization while remaining in relative safety and maintaining his own well being

Bureau comments regarding above counter intelligence measure are solicited.

NOTE:

Relet solicited comments of Bureau re counterintelli-
gence plot of San Juan.

In order to exploit the possibility that the Armed
Commandos of Liberation (CAL), group that claims responsibility
for recent rash of incendiarism in Puerto Rico, might be the
"action arm" of the MPIPR, San Juan advised of proposal to
prepare cartoon for appropriate dissemination. Cartoon would
in part point out that Juan Mari Bras, Secretary General of
the MPIPR, and his organization are responsible for the actions
of CAL. Cartoon would also renew suspicion that Mari Bras
and his organization are puppets of Fidel Castro. It is noted
this alliance still is regarded with distrust and suspicion
among even the most staunch advocates of Puerto Rican independence.
Cartoon would also create the impression that Mari Bras is
willing to sacrifice members of his organization while remaining
in relative safety.

Plan appears sound; however, Bureau needs finalized
plan and sample of cartoon prior to approval of same.

Re San Juan letter to the Bureau, 11-26-68.

Enclosed for the Bureau are two (2) samples of cartoon as per re Bulet. One copy being furnished to New York Office in view of contemplated dissemination in New York area.

San Juan proposes mailing of this counterintelligence measure to the following targets:

Selected members of various Movimiento Pro-Independencia de Puerto Rico (Puerto Rican Pro-Independence Movement) (MPIPR) missions throughout Puerto Rico, members of the Federacion Universitaria Pro-Independencia (Federation of University Students Pro-Independence) (FUPI) both in Rio Piedras and Mayaguez, Puerto Rico, leaders and selected members of the Liga Socialista Puertorriquena (Puerto Rican Socialist League) (LSP) and Nationalist Party of Puerto Rico (NPPR).

It is also proposed that copies of the cartoon be mailed to selected members of the MPIPR and NPPR in New York. San Juan Office also desires to mail a copy of this cartoon to [REDACTED] a daily San Juan Spanish language newspaper. [REDACTED] is an avowed enemy of MARI BRAS and has long attacked the MPIPR in editorials, as well as insinuating connection of this organization with the Comandos Armados de Liberacion (CAL). It is felt that dissemination to [REDACTED] could elicit comment from him and possibly achieve additional exposure for the measure with resultant expansion of the ends outlined in re San Juan letter. Bureau comments in this regard are requested.

Memorandum recommends approval of San Juan's proposed counterintelligence ploy directed against Juan Mari Bras and the Puerto Rican Independence Movement (MPIPR). The MPIPR is the largest and most dangerous of the militant Puerto Rican pro-independence groups and Mari Bras is the Secretary General of the MPIPR. Letter is attached for transmittal to San Juan.

In order to exploit the possibility that the Armed Commandos of Liberation (CAL), group that claims responsibility for recent rash of incendiarism in Puerto Rico, might be the "action Arm" of the MPIPR, San Juan advised of proposal to prepare cartoon for appropriate dissemination. Cartoon would in part point out that Mari Bras and the MPIPR are puppets of Fidel Castro. Cartoon would also create the impression that Mari Bras is willing to sacrifice members of his organization while he remains in relative safety. Copy of proposed cartoon attached.

Mailings will be made to various pro-independence groups in San Juan and New York and a copy of the cartoon will also be mailed to [REDACTED], a daily San Juan Spanish-language newspaper. [REDACTED] is an avowed enemy of Mari Bras and has long attacked the MPIPR in editorials. Dissemination to [REDACTED] could elicit comment from him and achieve additional exposure for this counterintelligence measure. Mailings will be carried out under secure conditions and plain unwatermarked paper will be used.

It has been determined that the letter received by the Associated Press and set forth in enclosed memorandum has received some publicity in local news media, including radio broadcasts.

In light of the above, the San Juan Office feels the letter affords a unique opportunity to exploit the bombing of a vehicle of JUAN MARI BRAS on 1/7/69, and the publication of the letter in view of current Intensification Program and efforts in the counterintelligence field.

Upon authorization from the Bureau, a letter will be directed in the Spanish language to the Associated Press, the Associated Press and the three leading newspapers in the San Juan area, "The San Juan Star", "El Mundo", and "El Imparcial". The letter will be prepared on a typewriter exhibiting characteristics similar to those in the letter received by the Associated Press and set forth in enclosed LHM. All security precautions will be taken in connection with the writing and handling of this letter.

The letter under consideration is as follows:

"Second Open Letter to the Puerto Rican People:

"As we announced in our previous letter, we will not remain inactive while some pigs, as are the leaders of the Movimiento Pro Independencia de Puerto Rico (MPIPR-Puerto Rican Independence Movement), corrupt and destroy the foundation of this democratic society and the peace and freedom which exist here.

"Already the traitor JUAN MARI BRAS has felt the force of our dedication.

"With this act of retribution, we set into motion, without any hesitation, a campaign of action, justified by the subversion of the principles of democracy which have increasingly been under attack by these strident communists.

"With the commemoration of the Tenth Anniversary of the MPIPR, we have successfully initiated this campaign whose goal is to stop the advance of the communist groups in Puerto Rico.

"Long live freedom!! Long live Cuban Power!! "

The Bureau is requested to expeditiously give consideration to this matter in order that the full impact of the letter may be realized.

Reference is made to FBI memorandum dated January 7, 1969, captioned "JUAN MARI BRAS, INTERNAL SECURITY - PUERTO RICAN NATIONALIST".

On January 9, 1969, [REDACTED] Associated with Juan, Puerto Rico, advised the San Juan (100) of the FBI that on January 8, 1969, she received the following letter written in the Spanish language and undated. The letter translated as follows:

"Open letter to the Puerto Rican People:

"We Cubans who have been viciously exiled from our beloved Cuba have united for the purpose of fighting for one single goal: the liberation of Cuba. With this glorious purpose we declare our solidarity to our brothers in diverse cities of the U. S. who have been able to take the necessary measures to punish those who sympathize with and support the odious tyranny which has extended itself over the beautiful island of Cuba.

"It is a fact that our brothers in the U. S. have felt the punishing force of a shortsighted North American policy, but neither they nor we will bow down to this policy. We accept the challenge and we Cuban Power has come to Puerto Rico. We are our duty and will be able to fulfill it.

I came to Puerto Rico seeking refuge and the generous Puerto Rican people offered it to us.

MOVIMIENTO PRO-INDEPENDENCIA DE PUERTO RICO
PRO-PUERTO RICO INDEPENDENT MOVEMENT (PPR)

The PPR was organized in November, 1959, at Ponce, Puerto Rico, to work for the independence of Puerto Rico. It has an estimated membership of between 1,000 and 1,300 people with missions throughout the island of Puerto Rico and in New York, New York; Chicago, Illinois; and Buffalo, New York.

At the time the PPR was organized, it indicated that it did not advocate violence but would accept members who did. JUAN MARI BRAS, the founder and dominant leader of this organization, in a speech during March, 1964, threatened violence able to start in Puerto Rico become a state within the United States. A source reported in 1966 that a leader of the PPR had indicated that "the Revolution" would soon begin and another source advised that another official of this organization has attempted to obtain a number of automatic pistols.

Articles praising FIDEL CASTRO and the Cuban Government regularly appear in the PPR publications. In 1961, the PPR adopted a resolution expressing a 100 percent approval of and solidarity with the Cuban revolution. It sent a delegation to the Tri-Continental Conference of African, Asian, and Latin American Peoples held in Havana, Cuba, during January, 1966 and it maintains a permanent delegate to the Secretariat located in Havana.

The press of Puerto Rico has reported that the PPR has held numerous demonstrations protesting compulsory military service of Puerto Ricans and United States policy in Vietnam and the Dominican Republic.

In December, 1967, the Governor of Puerto Rico signed a law a bill calling for a plebiscite on July 23, 1967, to determine the future political status of Puerto Rico. The plebiscite denounced vociferously by the PPR as an act of free imperialism to maintain the colonial status of Puerto Rico, resulted in an overwhelming endorsement of the present Free Associated State status.

Resolutions adopted at the 7th National Assembly held in late April, 1968, at San Juan, Puerto Rico, included expressions of solidarity with the National Liberation Front of South Vietnam and promises of material support in the form of medicine and money. Also included were a resolution of solidarity with "Black Power" in the United States, and an expression of solidarity with the "National Liberation" movements in Venezuela, Columbia, and Guatemala.

LIGA SOCIALISTA PUERTORRIQUENA
(Puerto Rican Socialist League)
(LSP)

A source advised on January 13, 1964, that the LSP was formed in early January, 1964, by JUAN ANTONIO CORRETJER, who had resigned from a top leadership position in another Puerto Rican pro-independence organization in October, 1963. CORRETJER formed the LSP from a group of young men who were described as being militant, Marxist-oriented and devout followers of CORRETJER.

According to the source, CORRETJER's aim in the formation of the LSP was to have his own organization with the members completely indoctrinated in the theories of Marxism and Leninism. The LSP was formed on the socialistic concept with the purpose of striving for the independence of Puerto Rico with the ultimate goal being the establishment of an independent socialistic type of government for Puerto Rico.

According to records of the Office of Intelligence, Police of Puerto Rico (OI, POPR), the LSP currently includes about thirty members, mainly in the San Juan, Puerto Rico, metropolitan area, Ponce and Guanica, Puerto Rico. The LSP also has a small group of sympathizers in New York City and maintains fraternal relations with two New York City Marxist groups, the Workers World Party (WWP) and the Progressive Labor Party (PLP).

The LSP has two main publications, the "Correo de la Quincena" (CDLQ) and "Pabellon" both in newsletter format, but also publishes many leaflets, pamphlets and reprints of Cuban Premier FIDEL CASTRO's speeches. In addition, the LSP disseminates the PLP newspaper, "Challenge-Desafio," in Puerto Rico.

LSP leader CORRETJER and LSP members, during the latter part of 1966 and the first part of 1967, have attacked, in public speeches as well as in LSP publications, obligatory military service for Puerto Ricans. The September 24, 1966, edition of "El Mundo," a Spanish-language daily newspaper published at San Juan, Puerto Rico, carried an article reporting that during a speech the previous day at an independentist commemoration, CORRETJER had urged Puerto Rican youth to resist obligatory military service by gunfire.

MOVIMIENTO PRO-INDEPENDENCIA DE PUERTO RICO
(Puerto Rican Independence Movement) MPIPR)

The MPIPR was organized in November, 1959, at Ponce, Puerto Rico, to work for the independence of Puerto Rico. It has an estimated membership of between 1,000 and 1,300 people with missions throughout the island of Puerto Rico and in New York, New York; Chicago, Illinois; and Buffalo, New York.

At the time the MPIPR was organized, it indicated that it did not advocate violence but would accept members who did. JUAN MARI BRAS, the founder and dominant leader of this organization, in a speech during March, 1964, threatened violence if the United States failed to grant independence to Puerto Rico. A source within the United States reported in 1966 that a leader of the MPIPR has indicated that "the Revolution" would soon begin and another source advised that another official of this organization has attempted to obtain a number of automatic pistols.

Articles praising FIDEL CASTRO and the Cuban Government regularly appear in the MPIPR publications. In 1964, the MPIPR adopted a resolution expressing a 100 percent approval of and solidarity with the Cuban revolution. It sent a delegation to the Tri-Continental Conference of African, Asian, and Latin American People, held in Havana, Cuba, during January, 1966, and it maintains a permanent delegate to the Secretariat located in Havana.

The press of Puerto Rico has reported that the MPIPR has held numerous demonstrations protesting compulsory military service of Puerto Ricans and United States policy in Vietnam and the Dominican Republic.

In December, 1966, the Governor of Puerto Rico signed into law a bill calling for a plebiscite on July 23, 1967, to determine the future political status of Puerto Rico. The plebiscite denounced vociferously by the MPIPR as "an act of Yankee imperialism to maintain the colonial status of Puerto Rico," resulted in an overwhelming endorsement of the present Associated State status.

MPIPR

Resolutions adopted at the 7th National Assembly held in late April, 1968, at San Juan, Puerto Rico, included expressions of solidarity with the National Liberation Front of South Vietnam and promises of material support in the form of medicine and money. Also included were a resolution of solidarity with "Black Power" in the United States, and an expression of solidarity with the "National Liberation" movements in Venezuela, Columbia, and Guatemala.
